Nineteen Hundred and Sixty-Six

A Yearbook Published by the Journalism students of C. E. Donart High School

Suzy-
Now that I'm gone

# Foreword

Through the doors of this — the 34th volume of the Pioneer yearbook — we, the second year journalism students of Stillwater's C. E. Donart High School, have attempted to show you exactly what's behind these open doors of learning.

Behind these doors are the Pioneers and all that we stand for. These doors were opened to us when our ancestors trekked across the plains in a covered wagon and established a townsite and settled here.

They not only opened the portals to learning for us but the doors of knowledge, achievement, and school spirit. Through their foresight they have helped us journey through the doorway of tomorrow.

The many doors of C. E. Donart were opened by progressive, courageous, and forward people. We strived this year to uphold the many symbols, traditions and accomplishments which have accumulated through the years.

There is nothing that goes on behind these doors that we have not recorded. You, the students and faculty, have made this book possible. It's a book for you and about you and your activities during this school year 1965-1966.

Suzy,
I dedicate
this book to one
of the greatest
lovers that has ever
lived. Be sure to be
good in your Senior year
and underclassman year.
Hope Junior year

Suzy, I'll never be able to say thanks

# n Education

Being a friend and advisor to over 900 students of C. E. Donart High School is challenging yet rewarding for principal James R. Sanders.

While completing his third year at C. E. Donart, he has presented many new and original ideas to Stillwater students. The 10 minute break between second and third hour, having seventh hour in the morning before classes begin and pre-registration of guests at high school dances are among the many changes he has added over the years.

Sanders holds a BS Degree in mathematics from Central State College, Edmond, has attended the post graduate school of the Naval Academy and has a Master's Degree in School Administration from Oklahoma State University.

Sanders taught previously in Lawton and served as high school principal in Walters. Prior to coming to Donart High, he served as principal of Stillwater Junior High.

Sanders is also a member of the Stillwater Education Association, the Oklahoma and the National Association of Secondary School Principals.

Students, faculty members, and parents, find him easily approachable and always willing to help.

# Board of Education

Under the leadership and direction of the Board of Education, the superintendent and staff, and PTA board members, C. E. Donart has expanded and developed higher standards in the field of education.

Their major goal is to provide the youth of this community with the basic tools of learning to make possible a continuous and effective process of learning. They have reflected the adoption of this goal, quality education, through their support of educational services of high quality.

Through the dedicated service of these conscientious leaders, school facilities and programs have been carefully evaluated and continually improved to meet the problem of ever increasing enrollment and the higher demands of modern education.

Kenneth Gallagher
*Business Manager*

# Business Duties are Varied and Numerous

Kenneth Gallagher, a former Stillwater athlete, is business manager for all Stillwater public schools. Gallagher has a variety of jobs ranging from management of the buses to the scheduling of events taking place in the C. E. Donart Gymnasium.

He attended Oklahoma State University and has previously coached high school football and remains active in sports by refereeing football.

He is a member of Lions, Beta Theta Pi, Masons, Shriners, Phi Beta Kappa and Chamber of Commerce.

Assisting the administration are three valuable secretaries, Mrs. Hahn Perkins, financial agent for the Board of Education for the past 26 years; Mrs. Pauline Halbrook, administrative secretary; and Mrs. John Brown, receptionist-secretary.

# Office Staff and Counselors Indispensable to High School

Ralph Gibson has taught business, sponsored National Honor Society and served as assistant principal at C. E. Donart for 11 years. He attended Southwestern State College at Weatherford to study Business Education, earning his BS degree.

A certified counselor, Gibson is affiliated with the Guidance and Counselors Association, State Association of Deans and Counselors, Masonic Lodge and Kiwanis.

A friendly smile and a courteous, efficient manner characterize Mudge Meacham, guidance counselor, English teacher and junior class sponsor.

Miss Meacham, who celebrated her "Silver Anniversary" with C. E. Donart last year, received her BS and MA degrees in English literature at Oklahoma State University and has also done counseling work at OSU. She is a member of the Oklahoma Council of Teachers of English, Oklahoma Guidance Group and National Council of Teachers of English.

# Variety of Courses Offered

C. E. Donart students are offered a choice of Latin, French, and Spanish in addition to four years of required English. Special labs in the language department have been built to improve the speaking and listening ability of students. Tapes and records aid in exact pronunciation.

Speech classes present an opportunity to develop students' language, speech, and interpretation skills.

The Journalism Department consists of Journalism I and II. In Journalism I students learn to spot news, gather information, interview news sources, and write clear, concise copy. Advanced students in Journalism II put their journalistic skills to use by practicing photography, editing the weekly "All-School News" and producing the school yearbook, "The Pioneer."

Ron Jacobs finds an answer given by one of his World History students amusing. Besides teaching World History, Jacobs has a geography class and coaches football.

Laura Scales uses one of the many maps that can be found in Andy Murphy's American History class. For his superior teaching techniques, Future Teachers of America presented him with the Golden Apple Award.

# Problems of Today are

Social Science students learn to solve problems of yesterday and today in classrooms equipped with modern maps and films.

C. E. Donart offers a variety of social and historical courses to its students. Juniors are required to study American History. Elective courses include world geography, sociology, government, economics and problems of democracy.

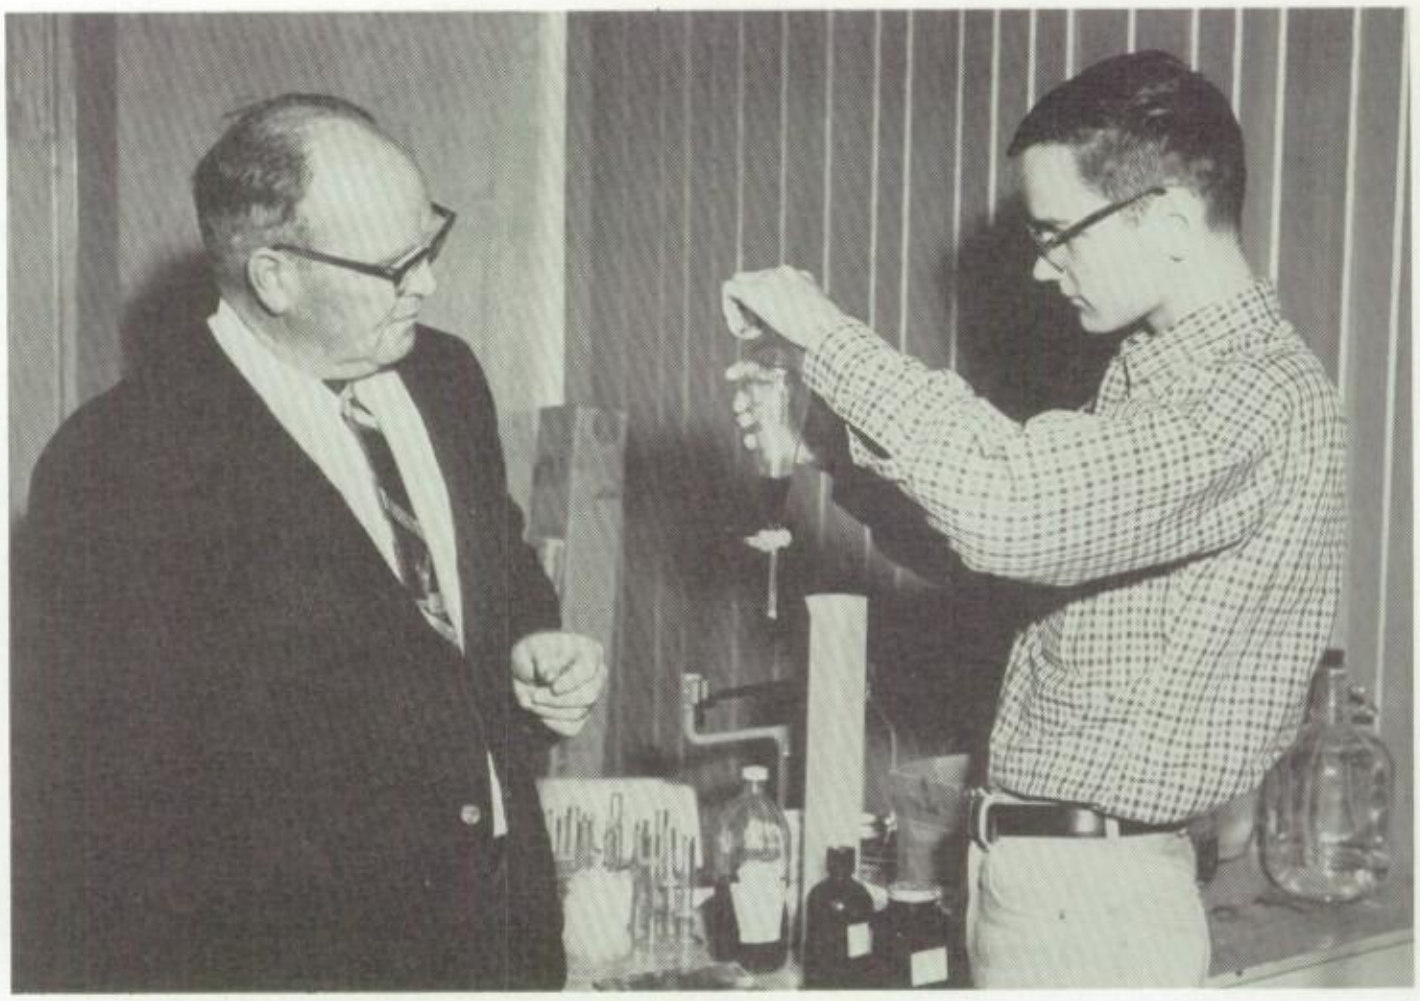
Tom Lilly illustrates, via a chart, the functions of Congress to his government class.

# Studied in Social Sciences

Full year courses include geography, the science of physical features of the earth and its resources; and world history, a study of civilization throughout time.

Semester courses offered are sociology, the system of humans and their social relationship; economics, research on man's earning and spending habits; government, a study of local, state and federal government; and problems of democracy, a course on current problems of economic, social and political questions.

Earl Schnell seems confused (yet amused) about something Tom Jurgenson has been explaining to his Sociology class. Sociology is a one semester course. Students may take Economics second semester.



On lab days interesting experiments are performed in Chemistry. Mark Owens, Chemistry II student, is being observed by the instructor, George Woodruff.

Mrs. Jean McMurtry explains the actions of muscles and nerves to her physiology class. Physiology, and physchology, are one semester courses offered for the first time this year.

# Advanced Math and Science

The number of scientific and mathematical courses taught at C. E. Donart has increased through the emphasis on specialized learning.

Mathematics courses include solid, plane, and analytical geometry, trigonometry, probability, algebra, and a fifth year course, elementary function.

In the laboratory sciences: chemistry, physics, biology, and advanced biology, students learn to observe and make conclusions from their observations. Modern labs with extensive scientific equipment aid in encouraging students to more comprehensive study.

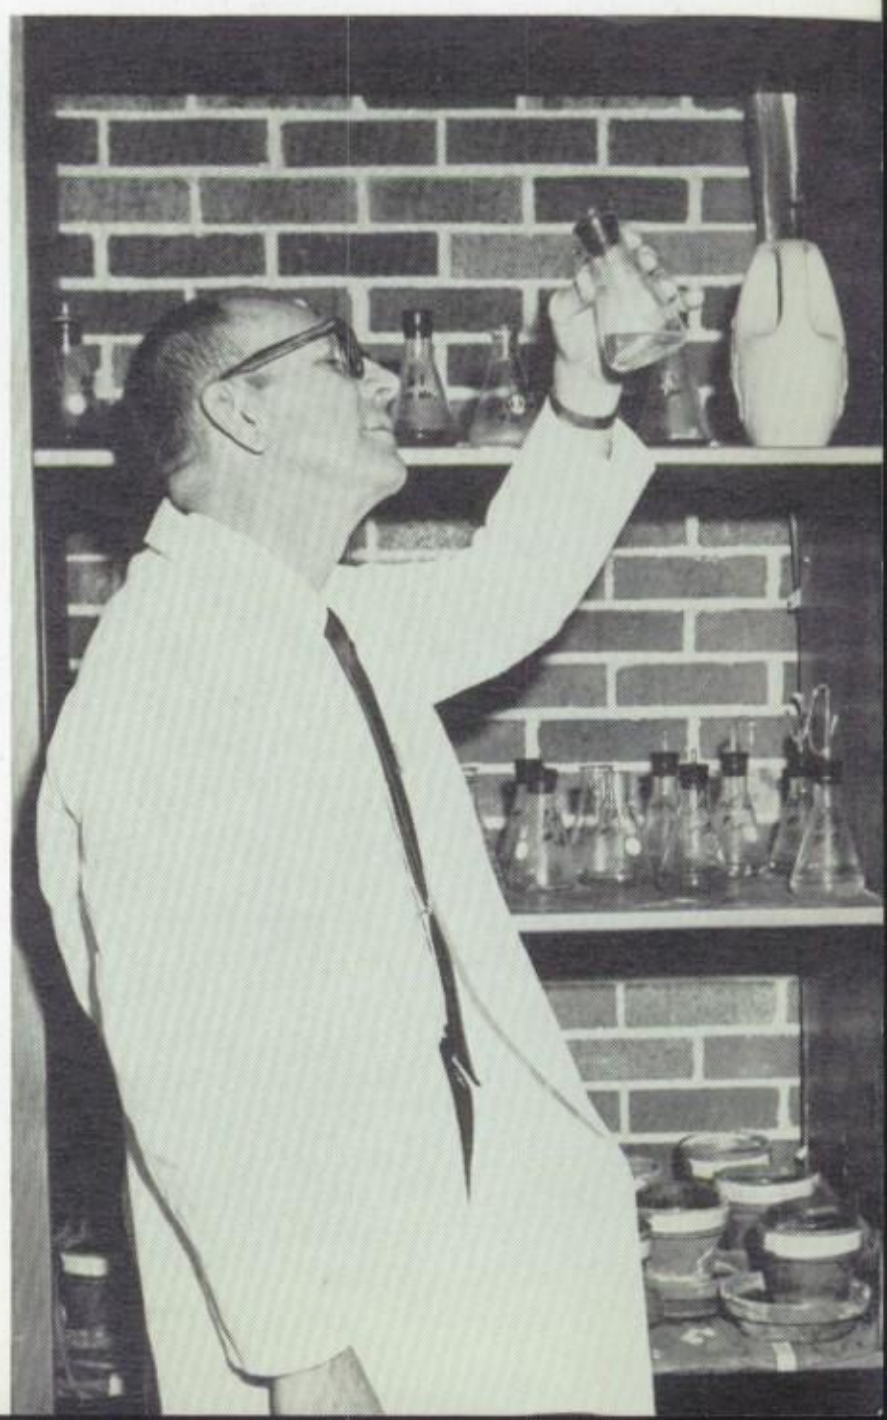
C. D. Mihura explains to his sophomore Geometry class how to prove *arc of angle 13 equals arc of angle 4*, while his student teacher, Karl Stone, observes his techniques.

# Prepare Students for Future

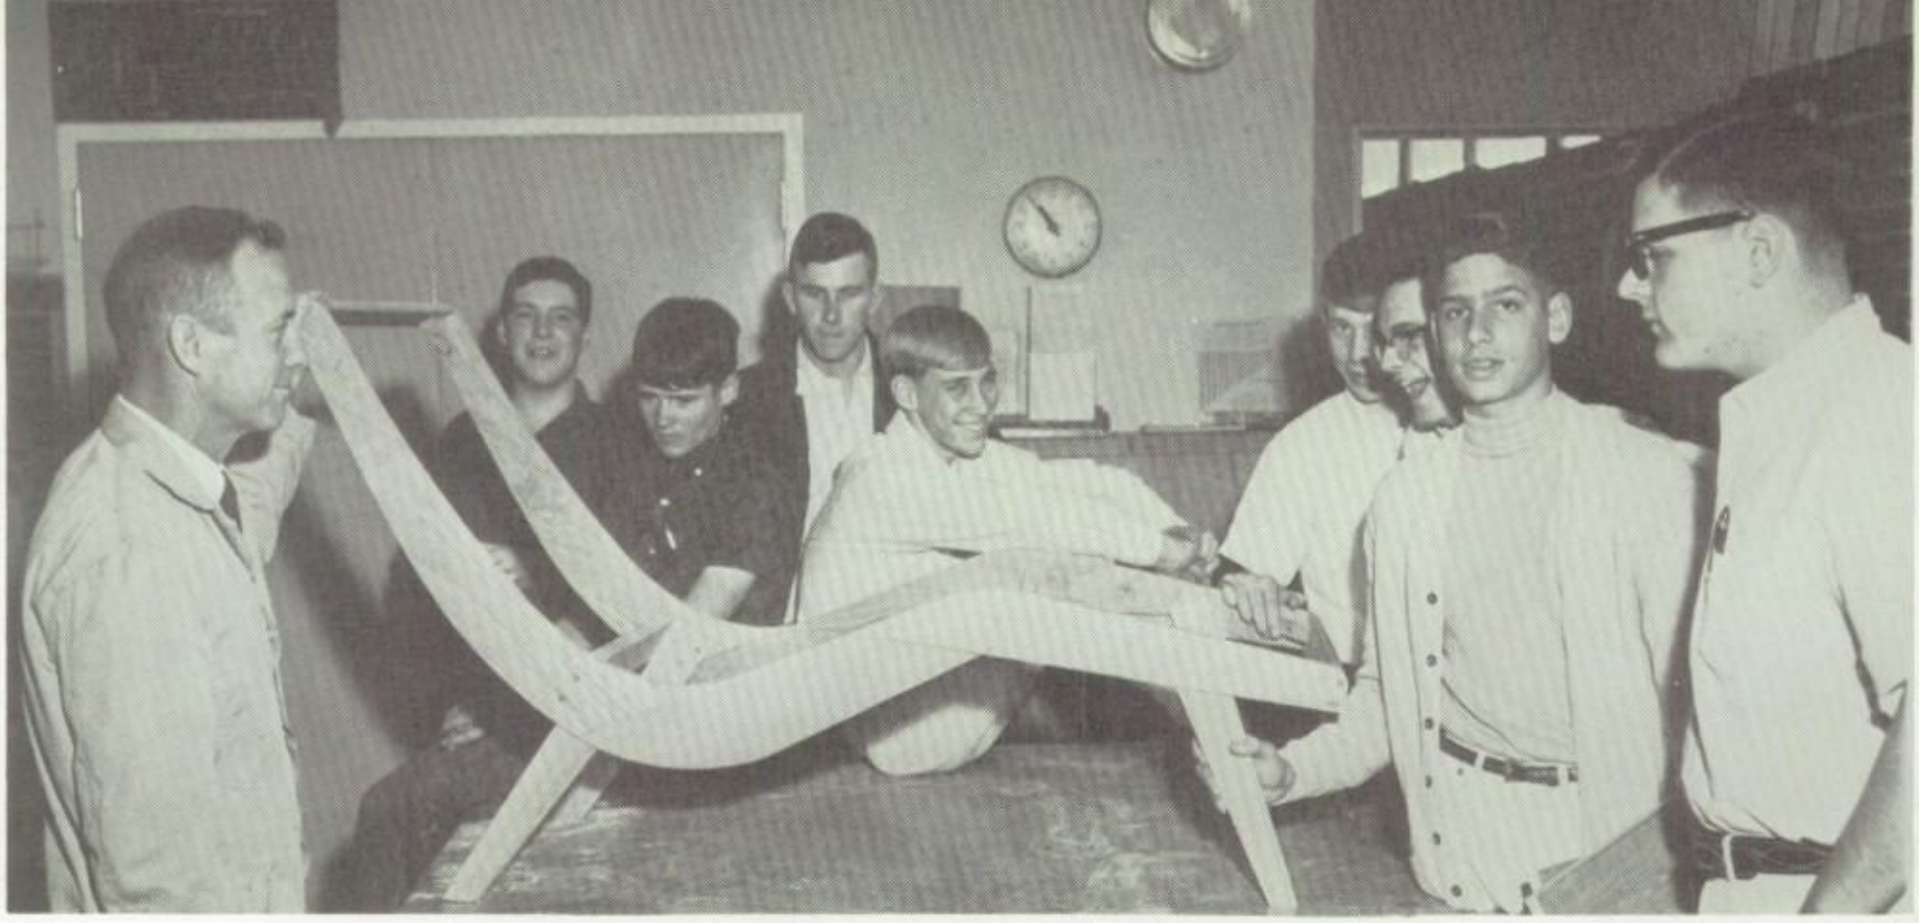
The biology classes are taught under BSCS (Biological Science Curriculum Study). Students wishing to go further than the required biology course may take advanced Biology, often working as lab assistants.

Students were offered, for the first time this year, psychology, the study of the behavior of people with diverse traditions and customs; and physiology, the study of the function or metabolism of the human body.

Students are able to obtain the best possible training with modern teaching methods, equipment and experienced teachers.



Biology instructor Russell Martin holds a flask up to the light to check for possible growth in a student's bacteria experiment.



Charles Hetrick, left, and his students gather around to inspect a chair frame completed by a woodworking student.

# Vocational Training Vital to Many Students Careers

Foundations for vocational careers can be obtained in distributive education, home economics, business and industrial arts.

Distributive education students are required to have an outside job at which they work at least 554 hours during the year. In the DE classes students learn the art of display, how to operate cash registers, take inventory, and satisfy customers.

The business courses, short hand, typing, duplicating, office practice, bookkeeping, general business, and business law and math, are available for students planning a career in business.

Architecture, drafting or machine design as well as the technique and use of tools in shopwork and welding comprise the industrial arts department.

Home Economics I and II teaches girls the best ways to select and prepare food and clothes, budget an income, and care for children.

Gainful employment in food services has been planned to teach high school youths to become assistants in nursing homes, hospitals, schools, restaurants, and in other industries related to foods.

Last year, the vocational students of the carpentry class constructed a home which was designed to translate their classroom instruction into a visible and permanent example of the skills and technical know-how which are taught at C. E. Donart High School.

The students of the vocational department are constructing another beautiful home, located on Suncrest Drive.

Child care services is designed to teach high school girls to become child care aides in day care centers, and in other situations.

Clothing services is designed to teach high school girls to become skilled in sewing and care of clothing so that they may be employed in business establishments and homes.

Besides cooking and sewing, Mrs. Marie Fleming teaches her home economics students good grooming habits, child care, care of the sick and other valuable skills. Here, students work with one of the charts concerning health while Mrs. Fleming assists them.

# Non-Academic Classes Offer Variety and Develop Skills

C. E. Donart offers many activity courses in addition to its outstanding academic subjects. Physical education for both boys and girls, art, orchestra, band, vocal music, and drivers education are open to supplement the student's academic schedule.

Drivers education, a one semester course, is designed to train students to be safe, careful drivers. Students also learn the fundamentals of automobile mechanics and practical application in driving.

A one-, two-, or three-year course in art teaches students about color, form, and design, as well as art history. Individual work is encouraged, and much of the work is of excellent quality as shown in the annual spring exhibit.

Band, orchestra and vocal music students perform in fall and spring contests, as well as providing the students with several fine assembly programs during the year. The members of the glee club, mixed chorus, and swing band are chosen from members of these classes.

# Through These Doors Steps the Class of '66

The office is the center of many activities. Here Coach Harris picks up his mail, and Randy Berry makes a phone call while Peggy Hendrix and Sally O'Haver, office girls, perform their office duties, which consist of answering the phone, checking students in and out of school, sorting the mail and delivering notes to students and teachers.

We wish to thank the teachers and the administrators for helping us to complete this important step in our life. Now it's up to the Seniors of '66 to open new doors and further our education. There shall never be another class like the class of '66. The Senior class has shown its enthusiasm, spirit, vitality, leadership, talent and pride by leading its school to victory in many fields.

We will remember the many exciting events which made our high school life exciting and worthwhile. The football, basketball, track, baseball, tennis, golf, wrestling and crosscountry events all proved to be exciting whether we won or lost — whether participating or being a spectator. Organizing the prom, ordering class rings, participating in assemblies and attending mixers were all activities the class of '66 will remember. We learned the importance of work, and planning in organizing these events.

We are leaving our school behind but we will not forget our friends, the good times or our education. Graduation means many things to the Seniors. It means taking the full step into adult life, the termination of "care-free" school days, and in particular, the separation of many time-tested and true friends. Thus, May finds the Seniors trying out their new wings, but nostalgic about leaving behind acquaintances at C. E. Donart High School.

Senior John Hunter is shown performing during the half-time ceremonies at the annual Powder Puff football game.

A group of Senior boys take time out between classes to look over the intramural basketball schedules.

The Pioneer wagon is pulled by car from the high school to Hamilton field for all the football games. The wagon is a symbol of C. E. Donart's Pioneers. Here Senior boys prepare to take the wagon to the game.

# Challenges and Achievements Fill Junior Year

Soon the junior class of '66 will reach the coveted title of "Seniors '67". With the many achievements they have attained this year, the juniors have become better prepared for the numerous challenges they will face next year as seniors.

The first big event of the year for juniors was the selection and ordering of class rings. There are many types of rings to choose from but all signify the same loyalty to C. E. Donart High School.

One of the most rewarding challenges of the year was the success of the Junior-Senior Prom. The junior class made it a memorable evening and the seniors of '66 will long remember the achievements and ambitious ideas displayed by the junior class.

"Hey, let's do a double reverse. First to the left half and then to the right half." This is one of the many practices junior and senior girls held to prepare for the annual Powder Puff football game.

"Go Action Kids . . ." shouts Paul Porter, Dow Simack, John Pryor, and Randy Vaeth, cheerleaders for the junior - senior Action Kids.

The junior Pep Club members perform a skit, "Little Blue Victory" in one of the many pep assemblies held during the year, to boost school spirit.

# Sophomores Ope

The 1966 sophomore class eagerly adapted to a new and changing life as SHS students. As underclassmen they have opened new doors of opportunity and challenge.

The sophomores began to function as a class by electing officers, presenting a sophomore talent assembly, joining clubs and participating in the club's activities. Through participation in various school activities they have helped promote school spirit and have shown pride in being a "Pioneer". Each student gains invaluable experience as he plays his role as a true Pioneer.

Sophomores are proud to be a part of the C. E. Donart High traditions and are looking forward to being juniors of '67. As the year drew to a close the members of the sophomore class agreed that they had earned a permanent position in the student body of C. E. Donart High School.

Sophomores Michael O'Haver and Lenore Keys are shown putting the letter "E" in the word "Pioneer" while decorating for one of the many athletic events.

Nancy Reese appears to be asking Lenore Keys what books she needs for her next class.

GO PIONEERS

Pioneers take a break during the annual Howdy Dance September 3, which is the climax of Howdy Week.

# "Howdy" Greets Students A

After being abandoned much of the summer, the halls of C. E. Donart vibrated with the liveliness of students getting "back in the groove", September 1.

New students may have been bewildered at the many new faces they saw, but they soon found the Pioneers to be a friendly group.

At the annual Howdy Assembly, September 3, a hearty welcome was extended to all students. Each club president provided a short talk to acquaint prospective members with the requirements, activities and goals of each organization.

The Howdy Dance, given by Student Council each year to help students get acquainted, highlighted an active first week of school.

For the Pioneers, school spirit ran high with pep assemblies and decorated halls declaring the students' willingness to back the Pioneers. The cheering paid off as the Pioneers held their first two opponents scoreless, thundering by Sapulpa 26-0 and Bartlesville 20-0. However, September ended on the dismal note of a 21-19 loss to Class AAA Ponca City.

A few last minute preparations take place as juniors wait to have their class pictures taken on enrollment day, August 26.

The pep band plays "Bronze and Blue" to the Pioneer team after the boys score a touchdown.

Senior co-captain, Kent Grant, talks with assistant gridiron coach, C. D. Mihura, during a crucial moment of the Norman game.

# School Opens In September

Senior cheerleader, Janis Glass, puts her enthusiasm in action when the Pioneers make another winning play.

# Homecoming Activities Highlight October

With school being well under way, October opened with varied excitement and activities.

"Pioneer Day", October 22, found students and faculty "masquerading" as early day settlers and pioneers. Student Council provided a jail in the courtyard and Pioneer sheriffs maintained order throughout the day. Students caught not complying with the "laws of the Wild West" were thrown in the "pokey".

For a pre-game pep rally, later that day, Pioneers donned their football jerseys, pep club and band uniforms. Then they cheered their team to a 14-0 victory over Guymon. A mixer followed the game.

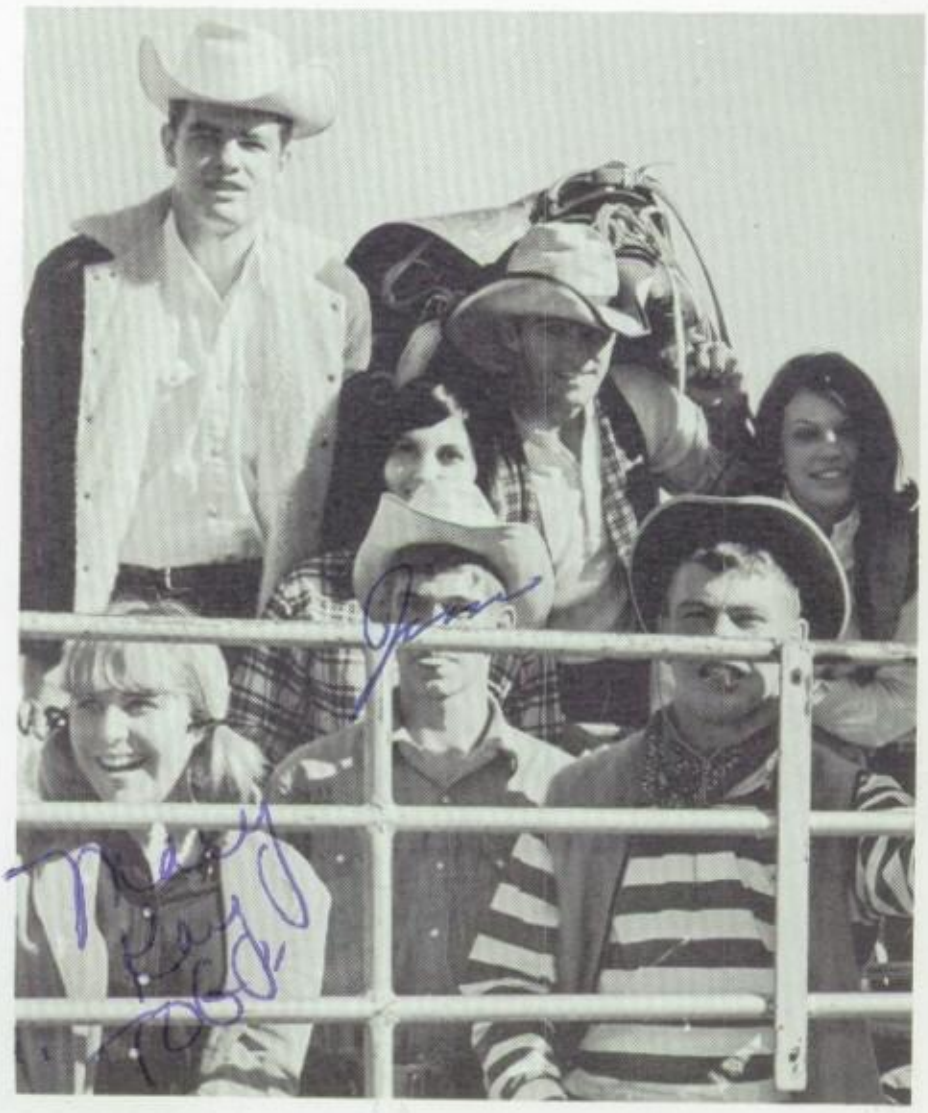
Climaxing the homecoming activities, Sandy Swearingen began her reign as the 1965 "S" Club Queen when club vice-president, Mark Adkins,crowned her during the half-time ceremonies of the Guymon game. Band and pep club members participated in the ceremonies. Attendants were Pat Shaw, escorted by John Pryor, and Jane Mitchell, escorted by Mike Smith.

Powder Puff footballers also saw action this month as the Junior-Senior Action Kids took on the Sophomore Touchdown Tigers in the annual Girls Recreation Powder Puff gridiron classic. This event is held each year by GRA as a money-making project to provide funds for the "Hillbilly" dance held March 25. The Action Kids proved their worth as they held the Touchdown Tigers scoreless throughout the game.

The Pioneer football team dropped one game to Norman and added four more victories to their '65 record. Other than the Guymon game, the boys acquired victories over district teams Guthrie, Edmond, and Blackwell, giving the Pioneers the Northern half of the District 2 Class AA championship.

"S" Club Queen, Sandy Swearingen, attendants and escorts walk from the field after coronation ceremonies.

Oklahoma State University football coach, Phil Cutchin, discussed "team spirit" for a fall pep assembly.



Varied looks are seen on the faces of these Pioneers as they meet their cellmates in the Pioneer jail.

Action Kid Rochelle Grau flags another Tiger during the Powder Puff game as a referee looks on.

Jo Lyn Tillerson was crowned Band Queen during the half-time ceremonies of the Duncan game, November 5.

# Football, Coronations, Froli

C. E. Donart's Pioneers had much to be thankful for by the time November dawned bringing with it Thanksgiving.

Parents visited with teachers and toured the school during National Education Week with Future Teachers of America serving as guides for the annual open house.

Band Queen, Jo Lyn Tillerson, was crowned by drum major, Bill McGavock, during the half-time ceremonies of the Duncan game. Attendants were Joie Reynolds, junior and Barbara Musgrave, senior.

Highlight of the month was the Pioneer Frolic, November 20, sponsored by the Journalism Department. Those attending chose Jane Mitchell as Pioneer Queen by secret ballot. She was crowned by Student Council president, Tim Kinney. Queen Jane's royal court included attendants Harriet Boydstun, Shirley Sykora, and royalty personalities from the sophomore, junior and senior classes.

Following a loss to Del City of 14-15, and a victory over Duncan at 24-13, Pioneer fans found themselves suspended in a wave of anxiety as the team entered the District 2 Class AA playoffs with Oklahoma City Northeast. The game was a thriller for Pioneer fans especially when the team triumphed over the opponent 26-22.

With another victory behind them, the Pioneers took on the Altus Bulldogs in the State Semifinals held at Altus. In spite of the mountain of school spirit displayed, the Pioneers fell short of the coveted victory as they were outscored by the Bulldogs, 28-14.

Final balloting for Pioneer Queen takes place at the Frolic.

Seconds later Pioneers cheer the team after the touchdown. Martha Buchanan (calmly seated) seems to have known they'd make it all along.

# Make November Exciting

Looks of happiness are seen as the Pioneer Queen is revealed and crowned.

Anticipation is expressed in the face of junior cheerleader Marsha Edmundson as the Pioneers pound out the winning touchdown against Northeast, December 3.

Even though Christmas is just around the corner, classes and homework go on as usual, and the five minute break between classes gives students little time for relaxing.

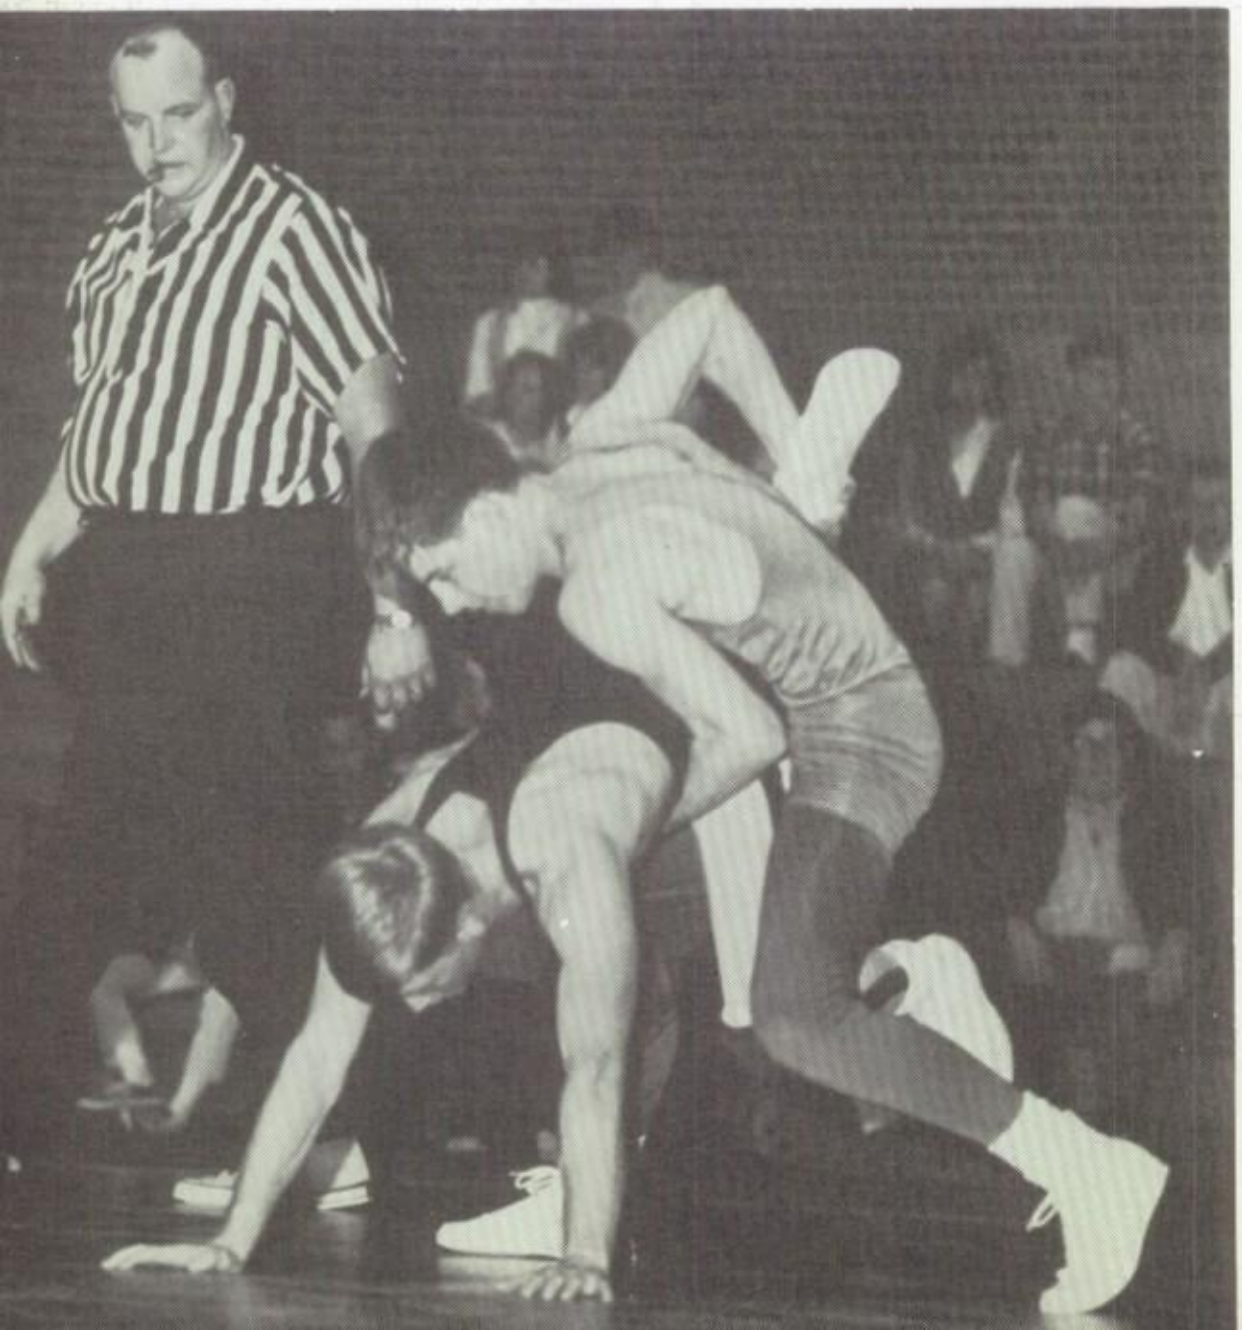
# December Finds Students Joyously Participating

Though the month was short, students joyously participated in Christmas activities.

Student Council and the Art Department provided Christmas decorations. The cafeteria and classrooms as well as the library sported seasonal decorations.

The mixed chorus participated in an exchange program with the choir from Southeast High School of Oklahoma City.

With one month of the season behind them, Pioneer roundballers boasted a record of 5-1. They earned the record by defeating McGuiness 70-54, Cascia Hall 61-47, Cushing 58-37, and Drumright



Bob Stites, 133 pound sophomore, holds his Northeastern opponent to the mat in the first home wrestling match.

It's a tense moment as Pioneer Roundballers watch the action during a December game.

# n Holiday Activities

40-38. Though they won the East Central tourney 63-55, they fell to Guthrie 38-43.

Matmen also posted an impressive first month record beating Tulsa Central 17-16, and Northeast 37-2. They placed third in both the Ark City Invitational Tournament and the Big Four Tournament in Ponca City.

As Christmas drew nigh many clubs held holiday parties with several groups preparing food baskets for needy area families.

A special Christmas assembly presented by the vocal music department and orchestra climaxed a festive holiday season at Donart High as students anticipated a happy yuletide vacation.

Merry Christmas! Student Council officers Susan Kamm, Jan Wagner, and Jim Lewis add to the holiday spirit by putting the finishing touches on a Christmas tree.

The Southeast choir of Oklahoma City sings for the Pioneers as part of a music exchange program.

Semester finals bring on a rush of last minute reviewing. These students take one more peek during the 5-minute break between classes.

# January Brings Finals, New Year

In the wake of New Year's resolutions, January found students cramming for semester finals. The day of reckoning came with the much anticipated report cards. Some found satisfaction from their labors while others realized they weren't studying enough.

Girls were active in sports, participating in the Girls Recreation Association volleyball and basketball intramurals.

The Pioneer basketball team had a successful month, defeating McGuiness, Cascia Hall, Drumright and Cushing; but ran into a single loss against Guthrie.

The grapplers placed first in the Little Big Four Tournament at Blackwell and seventh in the Edison Invitational Tournament. However, all dual matches for January were lost. The Pioneers were defeated by Perry 9-25, Ponca City 16-17, and Putnam City 16-19.

The Student Council sponsors assemblies to offer added education to that provided in the classroom. Students are often seen crossing from gymnasium to classrooms from an assembly.

The referee runs down the court as Pioneer fans anxiously look on.

These girls reach for the ball during the GRA basketball intramurals January 29.

Mike Smith jumps high for the ball against a Drumright player.

Mixers were held frequently after home games and matches. These girls seem to be dancing, but where are the boys?

"The West Side Story" - The fight scene!

# February Brings About Numerous Activities

In February, C. E. Donart students enjoyed assemblies, basketball games and wrestling matches.

The Distributive Education Club held its annual parent-student-employer banquet. Climax of the evening was the crowning of DE Queen, Shirley Sykora and her attendants, Delores Reinholtz and Kay Williams.

Juniors proudly displayed the class rings they received this month.

Roundballers dribbled over Edmond, Enid, Harding, and Ponca City but let Guthrie slip them a 55-57 loss.

Pioneer wrestlers saw narrow losses to Blackwell 16-20, Edmond 16-17 and Sand Springs 10-22.

Music Departments were active with the orchestra participating in the annual Tri-State Festival this year held in Enid, February 17. Glen Epperley's vocal music department sponsored the Pioneer Panorama, an annual variety show, February 28-March 1.

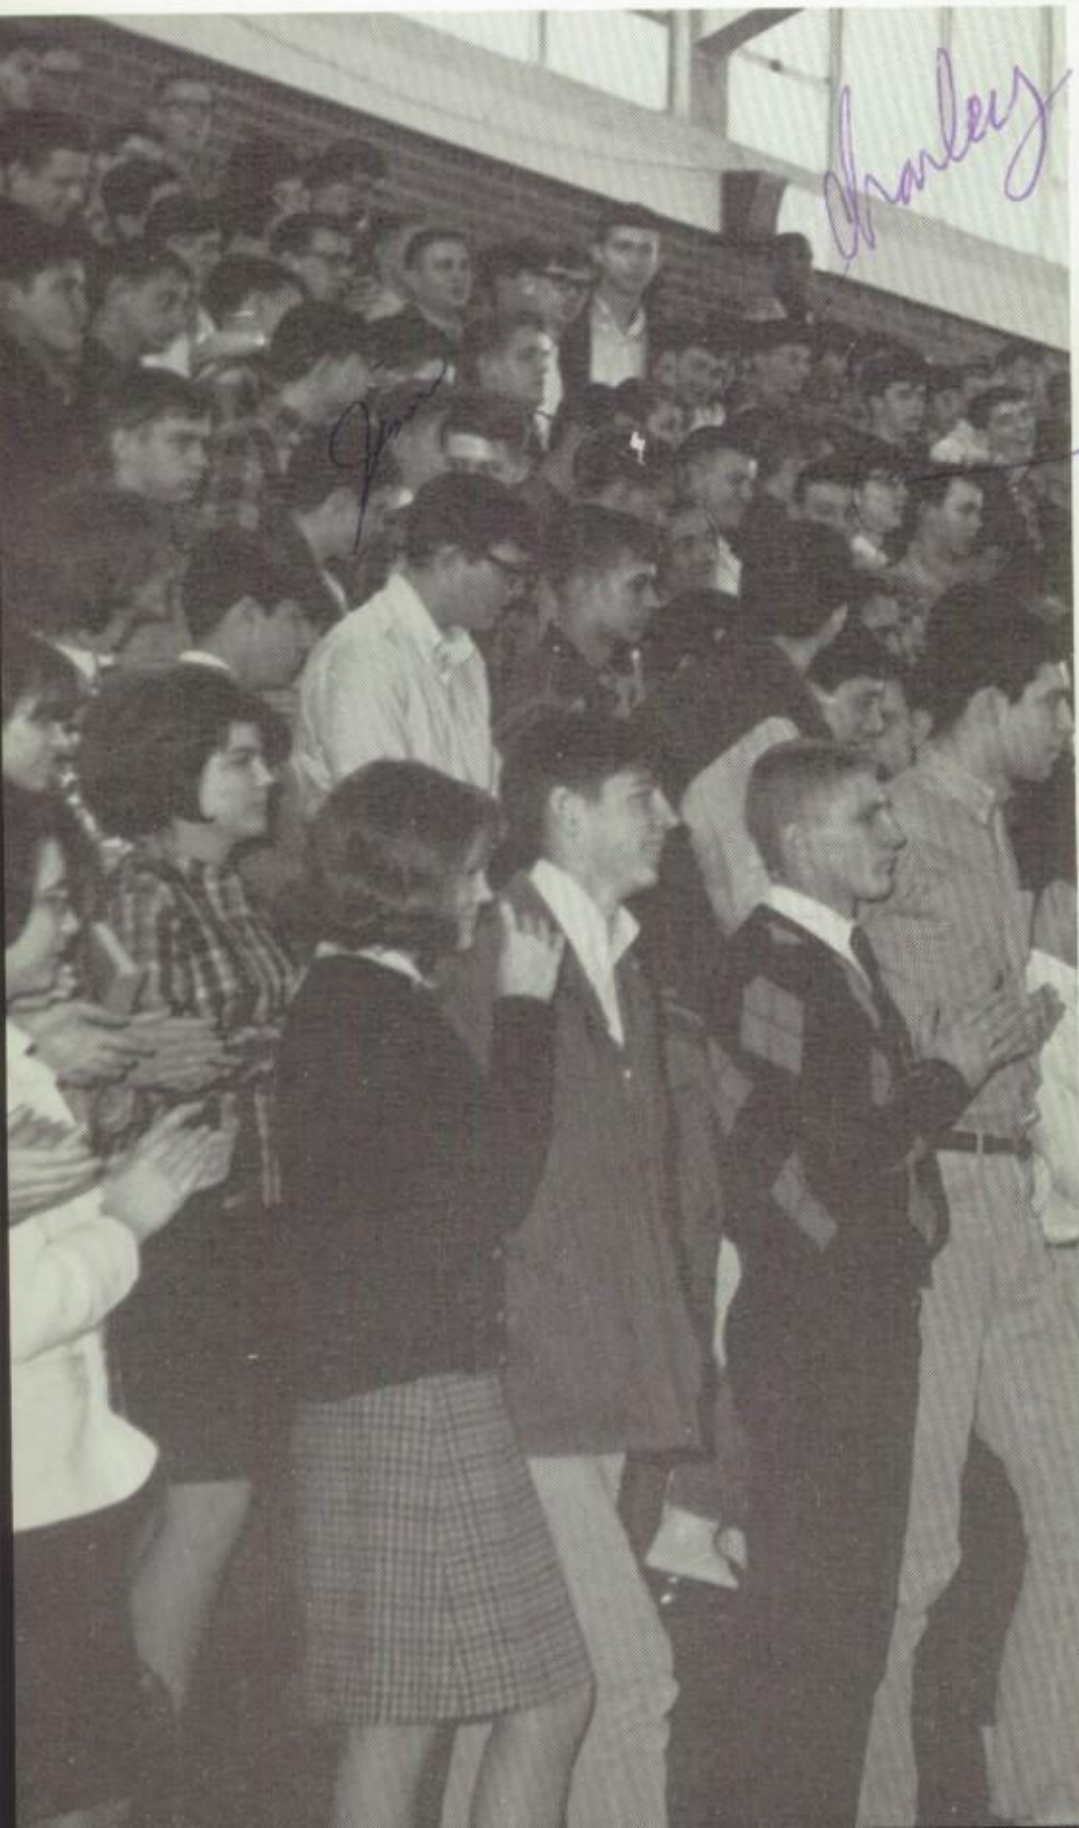
Much of the excitement of the junior year is the arrival of class rings. Here the ring committee prepares to distribute the rings.

Seniors often help in the bank. Here Margaret Ham and Mrs. Mary Snodgrass, financial secretary, go over a purchase order.

Study hall is usually full of students making good use of extra time.

Tommy Nasalroad crowns DE Queen Shirley Sykora as attendants, Delores Reinholtz and Kay Williams, and escorts, Chuck Buck and Don Short, look on.

Juniors Pam Brann, Penny Ames and Rene Daugherty take a look at the pictures of past seniors during their lunch break. They must be looking forward to when their pictures will be in the senior panel, too.



# Students Battle Sprin

With March came signs of spring and most Pioneers were glad to see that warmer weather had finally arrived.

Pioneer wrestling and basketball teams entered state tournaments with high hopes of victory and avid support from Pioneer fans.

Tracksters began participating in meets while golfers and hardballers spent time preparing for upcoming schedules.

The annual Hillbilly Stomp was given by the Girls Recreation Association, March 25. Held in the gym, the dance proved to be its usual success as much of the student body turned out for it.

Varsity Scholars received letters in a program, April 6, held in recognition of academic excellence by the Board of Education.

Pep assemblies are sponsored by the Student Council to promote school spirit. Pioneers enthusiastically show their support.

Even though spring is here, students must attend the daily grind of classes as usual. Students hurriedly pass from class to class — seems they think "3:10" will arrive sooner that way.

# ever As March Arrives

The 35 minute lunch break allows students plenty of time to eat a well balanced meal in the cafeteria with some time left over for socializing.

Sadie Hawkins week brought scenes like this. Maxine Hanson and Joyce Farrar seem to be loaded down carrying books while Larry Morton and Chuck Buck take advantage of this once a year event.

# April Busy Month for SHS

When April showers started pouring Pioneers realized spring was at hand and began planning for the exciting events which climax another year of school.

Plans were made for graduation, vacation and the coming year. Following a week of poster making, campaigning, and tagging, Student Council elections were held. Clubs slated annual elections with newly elected leaders taking over club responsibilities.

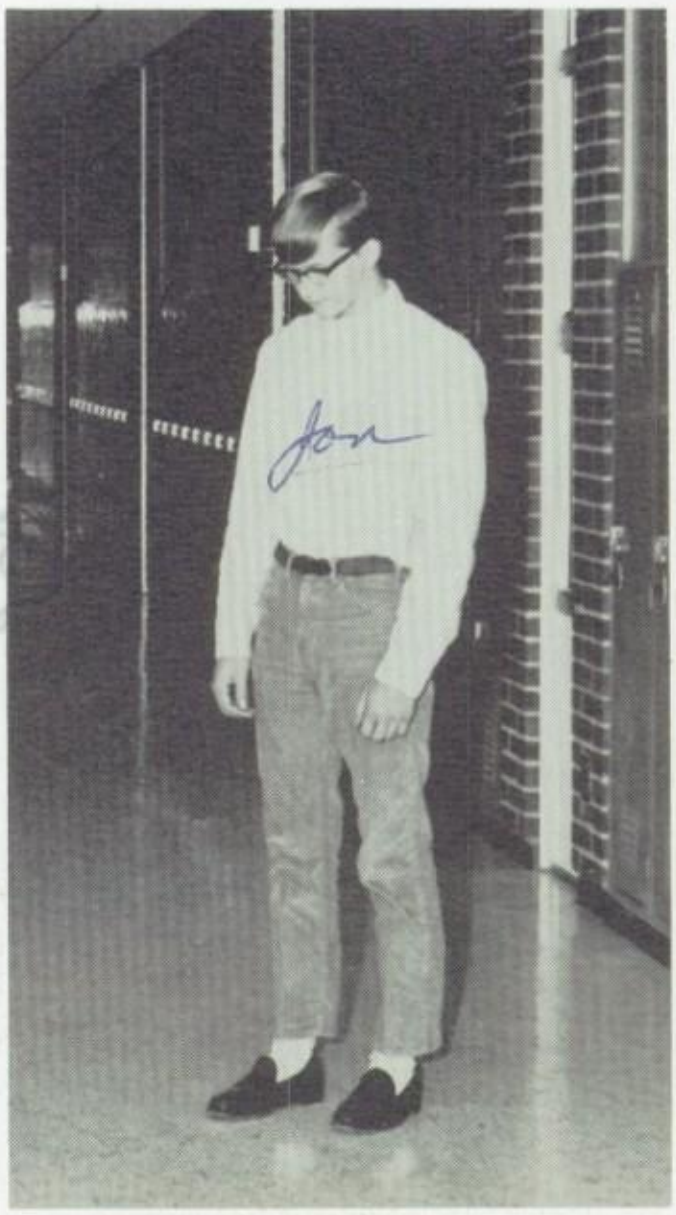
Sadie Hawkins Week, April 18-22, found girls trapping reluctant fellows as their dates for the activities sponsored by Student Council.

New editors and staff positions for the "Pioneer" and All School News were announced at a journalism awards banquet April 29.

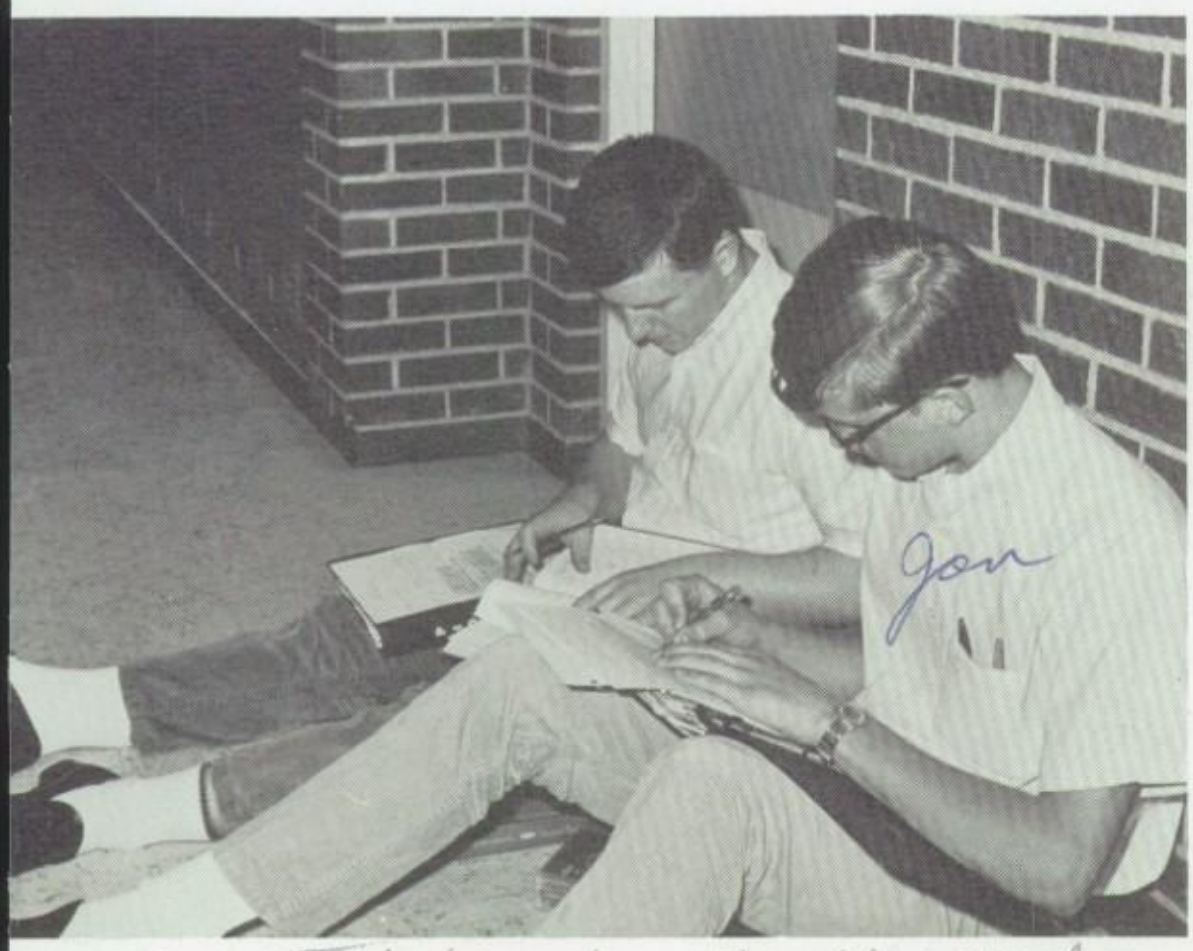
Each class hour several seniors assist in the administrative office. Working in the office second hour are Larry Morton and Jill Garrison. The telephone seems especially popular as Greg Sherrill and Linda Hubbard are waiting for Linda Hardesty to conclude her conversation.

Even though they'd like to be elsewhere on these fine spring days, students remember that finals are approaching and settle down to work in the study hall.

Student Council sponsors devotionals each morning given by students. It seems as if one student was caught in the hall during a morning prayer and reverently pauses.



As a matter of fact, some students don't even wait until study hall but take advantage of extra time to prepare their lessons in the hall.



I'm studying for Miss Whyopp class

Pioneers pick up their programs as they enter the Junior-Senicr Prom.

It seems in the busy preparation of getting ready, that these girls forgot one thing — their shoes!

# "Pomp and Circumstance" Bring

May finds students fighting spring fever trying to study for semester finals. Most students will be ready for summer vacation when May 27 dawns.

For sophomores, it is a time to look forward to being juniors and getting along with upperclassmen.

Juniors spend many hours making final arrangements for the Junior-Senior Prom. With a new seriousness, they display added pride in their school and have anxious hopes for the senior class of '67.

For seniors, the dream of graduation becomes a reality as they march across the stage during their final moment as Pioneers. They sadly say good-by to those with whom they have traveled the many paths of high school. Many look forward to becoming collegians, while others face their future with hopes of good jobs and happy marriages. With humbleness they realize it is their class of '66 that will be the citizens, leaders, and parents of tomorrow.

With mixed emotions these Pioneers march into the gym for graduation exercises.

Happiness is graduation and seniors always express their happiness by tossing their hats after the long awaited ceremony is over.

# May to Long Awaited Close

Seniors take one last walk down the corridors where they spent so many hours.

# Leadership Provided by Student Council

Student Council, composed of elected representatives, is the hub of all school activities. It handles the chartering of all school associated clubs. One of its most important functions is serving as a sounding board between students and administration. Together, they try to solve various problems which arise during the year.

A unique and significant project was undertaken by Student Council this year. Janet Weathers and Richard Ingham, as a part of a new Domestic Exchange Program, spent two weeks at Schrieber High School in Port Washington, New York, while two of their students enjoyed the activities of Donart High School for a two week period.

Throughout the year, the council provides the students with athletic programs, student handbooks, and student directories. The council also sponsors buses to out of town sports events, concessions at all home games, maintains the parking lot, coordinates aftergame mixers, and conducts all school assemblies.

Initiated this year was the presentation of the Golden Helmet Award. This award, sponsored by a local bottling company, was presented weekly to the most deserving football player of each week's game. At the end of the season a large plaque was presented to the most valuable player of the season.

# National Honor Emphasizes Leadership and Scholarship

National Honor members make a poster every week with a thought provoking phrase. Shown here working on a poster are Melinda Smith, Janis Glass, Jane Girod, Mike Wass, and Carolyn Hammonds.

Members of National Honor Society are students who excel in scholarship, character, leadership, and service to their school. Members represent not only the upper 10 per cent of their class, but also have been approved by faculty members and the principal.

Nominees for membership are considered at two times — the upper 10 per cent of the junior class in the spring and the senior class in the fall. Those chosen in the spring initiate new members at the end of the school year.

National Honor got off to a good financial start this year by sponsoring the concession stand at the first football game and the mixer following.

A weekly activity included placing a "think" poster inside the main entrance. The posters which contained witty or thought provoking sayings, were made regularly at "poster making parties".

Officers and two members attended the State convention of National Honor held in Midwest City in November.

Setting the stage for next year's activities — new members are initiated and new officers introduced at an end of school banquet.

# State Honor Encourages Scholarship

After a spaghetti dinner, State Honor members take a short break as Burr Ross, president, begins the business meeting.

State Honor is organized to encourage scholarship among students and recognize the potential of honor students.

Membership is taken from the top ten per cent of each class based on grades for two consecutive semesters. The last semester of one year and the first of the new year are the determining semesters. Membership is announced at the end of the first semester each year.

State Honor personnel are responsible for opening exercises at the beginning of all assemblies.

The main activities of State Honor this term included a post semester party, a Valentines party for welcoming of new members, the traditional pot luck supper at which the new officers were chosen, and the spring banquet for installation of new officers.

# Mu Alpha Theta Busy During 1965-66

"Who's my next assignment — James Bond?" seems to be Melinda Smith's question to chief, alias James Earl.

The Stillwater chapter of Mu Alpha Theta, National Honorary High School and Junior College Mathematics Fraternity had another busy year in 1965-66.

Work was started early in the summer for the annual Regional Convention held December 10-11. The local chapter also attended a convention at Bryan Adams High School in Dallas, Tex. Both conventions were successful in their purpose as all who attended learned from the speeches and lectures given.

Prospective members were introduced to the club at "Uncle Earl's Peanut and Pub Parlor" party, named after Mu Alpha Theta's sponsor, James Earl. Their formal initiation was preceded by five semesters of mathematics, achieving a 3.5 grade average in these courses, and a 3.0 overall grade average.

The year for Mu Alpha Theta was rounded out by a candy sale, a trip to the Norman Convention, the annual banquet, and the Mu Alpha Theta picnic in May.

# Science Club Celebrates Tenth Year

Science Club celebrated its tenth year as an active, growing organization of C. E. Donart High School. A penny carnival opened the new school year as a get acquainted party and membership promotion.

General activities for the year included guest speakers, an equipment auction, field trips to the Kirkpatrick Planetarium in Oklahoma City and several science departments of Oklahoma State University. A special activity was participation in the School Spirit Contest, initiated to support athletic events. This sparked the imagination and ingenuity of members, as they created new scientific devices for the contest and placed first.

Highlight of the year was the annual science fair, an event which inspired creative scientific research for participating individuals.

These activities, combined with fellowship of others interested in science, helped promote proper scientific inquiry and academic excellence.

Decorating the halls was one of the many activities Science Club participated in during the year. Susan Crow is making a poster while Janet Heller, Steve Wilson, and Lee Agnew watch.

Shown putting up a poster are Lee Agnew, Charles Pohl, Steve Wilson, and Bill Hornbostel.

# C. E. Donart Qualifies for NFL

Mrs. Edna Claunch presents Ponca City debaters the first place plaque they won at the Stillwater Invitational.

C. E. Donart qualified for the first time in the history of the school for the National Forensic League, an honorary fraternity commending outstanding students in public address. Attaining membership required 2,000 points earned in interscholastic competition.

The C. E. Donart debate club began an active year by attending a speech workshop at the University of Oklahoma in Norman. October 23, the debate club served as host to a five school invitational tournament.

Three debate teams went to the Northwestern State Invitational Tournament November 19-20. February was an active month for debaters, as they participated in tournaments at Okmulgee, Southwestern State, East Central State, and Central State.

Helping two debators, Janet Weathers and Larry Skoch, with their speeches is their sponsor Mrs. Edna Claunch.

Debating in class helps the Forensic Club members gain more experience and confidence. Shown here are Barbara Ewens and Larry Skoch.

# Thespian Members Have Successful Year

Membership in Thespians is attained by doing a certain amount of public speaking and participating in other Thespian activities. The sponsor and scribe evaluate the hours of work and distribute the points each member earns. An apprentice must gain ten points before being initiated.

"All Around Broadway" was the theme of a party which kicked off Thespian activities for 1965-66. "Objectives of Town and Gown", community theater, was the subject of the program featuring Betty Wagner, president of the local actors guild.

Thespians participated in statewide speech contests; with Shirley Collyar, senior, earning the "best actress" award at Chickasha and second place in poetry at Durant.

Four one-act plays and a spring production provided other opportunities for Thespians to earn points.

Members attended two professional plays: "Arsenic and Old Lace" performed by the Oklahoma City Mummers Theater and "The Unsinkable Molly Brown" staged by the Oklahoma State University Theater Guild.

Rounding out a busy year an awards banquet featured initiation of new members and installation of officers. Guests were entertained by the best contest entries of the year.

Shown here are winners of several speech contests. Shirley Collyar won Best Actress at Chickasha and placed second at Durant. Greg Hubbard was first at Okmulgee with a humorous reading and placed third at Lawton doing a humorous duet with Jo Beth Burrus. Linda Zimmerman placed third in poetry at Okmulgee.

# Future Teachers Serve America In Many Ways

"Serving America in Many Ways Through Teaching" was the theme of the Future Teachers of America this year. Speakers and panels highlighted meetings to present to members various teaching fields of interest and to help promote a better understanding of the teaching profession.

The annual "Root Beer Bust" started the year's activities with a drive for new members. Other social events included the annual Christmas party held on December 20. The Spring Banquet was the highlight of the social season at which time officers for the new year were also installed.

The Stillwater Chapter served as host for the State F.T.A. Convention which was the fourth consecutive year the local chapter had been so honored. The convention was held on the Oklahoma State University campus on March 11 and 12. Other local activities included providing clothes for a needy Stillwater family partly through an old clothes drive and partly through purchase of new garments.

The Red Apple Award — a presentation to the outstanding teacher of the month — was continued this year. The recognition of excellence in teaching was culminated with the outstanding teacher of the year award.

"Eat it, it won't hurt you" must be what Linda Hubbard is saying to Jay Stephenson. Wearing her Christmas gift, Janis Glass also seems undecided whether to eat any of the refreshments that were included in the annual FTA Christmas Party.

Making posters for the school contest is one of the many activities that FTA members: Carol Berry, Mike Wass, and Susan Kamm, participate in during the year.

# Future Homemakers Plan for Tomorrow

Future Homemakers of America started the year with a get acquainted snack supper to introduce prospective members to the club.

Highlight of the year was the annual trip to Oklahoma City for the State Rally, March 26-27. Other trips included the Sub-District Rally in Tonkawa during September and a visit to Hissom Memorial Center in April. Social events included a Christmas tea for the mothers. There was also a reception for new members after the initiation ceremonies in October.

Among the interesting programs was a film and discussion on Careers in Home Economics. The girls also attended programs on decorating for Christmas and on the Japanese way of life.

Members of the chapter staged a bake sale in February and sold candy in October to raise funds to support their projects.

# Paramedical Members Gai

Paramedical members listen attentively as Dr. W. L. Honska speaks to the group at one of their meetings.

The purpose of Paramedical Club is to stimulate and develop the interest of students in the many fields of medicine. This year, the club has had speakers and films on various fields of medicine. The members took a field trip to Oklahoma City where they visited St. Mary's Hospital and the Oklahoma Research Foundation.

During the year, members of Paramedical Club performed many service chores at the Municipal Hospital. Through this work they gained knowledge of the various jobs necessary to the successful operation of a hospital.

Paramedical Club members attended the Oklahoma Paramedical Club Convention in Norman. At this convention the various clubs attending related experiences of the year and made plans for future projects.

The club had several social activities, including a get-acquainted party for membership, a Christmas party during which the members decorated a Christmas tree at the hospital, and a banquet at the end of the year to install officers.

# Library Club's First Year Is Successful

The Stillwater High School Library Club was organized as an S.H.S. club this year under the sponsorship of Mrs. Arlene Chapman, librarian.

The Library Club's purpose is to enable students to learn more about the library and to render service to the school.

The newly organized club is a member of the Northern District and State Student Librarian Associations.

At the Northern District Convention held in Enid, Mary Ann Sater was elected Vice-President and Kathleen Harrington was elected Treasurer. The club also attended the State Convention held in Norman in April.

Highlight of the year was serving as host for the Northern District Convention. A luncheon, speaker, book reviews and a tour of the University library were part of the program.

# FFA Trains Members In Agricultural Leadership

Future Farmers of America is designed to give members training in agricultural leadership and this theme was evident as members celebrated National FFA week in February by carrying out the theme "Agriculture is More Than Farming."

Not only does FFA provide the experience and practice necessary for food production, but in addition, the organization gives training essential for later work as scientists, agricultural supply dealers, teachers, politicians, economists, salesmen, and other areas related to agriculture. Each boy is required to have a project, which should help him in the future.

Highlighting the year for the Stillwater chapter of the Future Farmers of America was winning National and State Grand Champions.

Twenty-one members exhibited at the American Royal Live Stock Show in Kansas City, Mo. The event was accentuated by the showing of one Grand Champion, one Reserve Grand Champion, three Breed Champions, and one Reserve Breed Champion.

Charles Thomason, now a freshman at Oklahoma State University, proudly displays his Grand Champion Steer at the Oklahoma State Fair in Oklahoma City. This is the first time a Stillwater FFA member has had a Grand Champion steer.

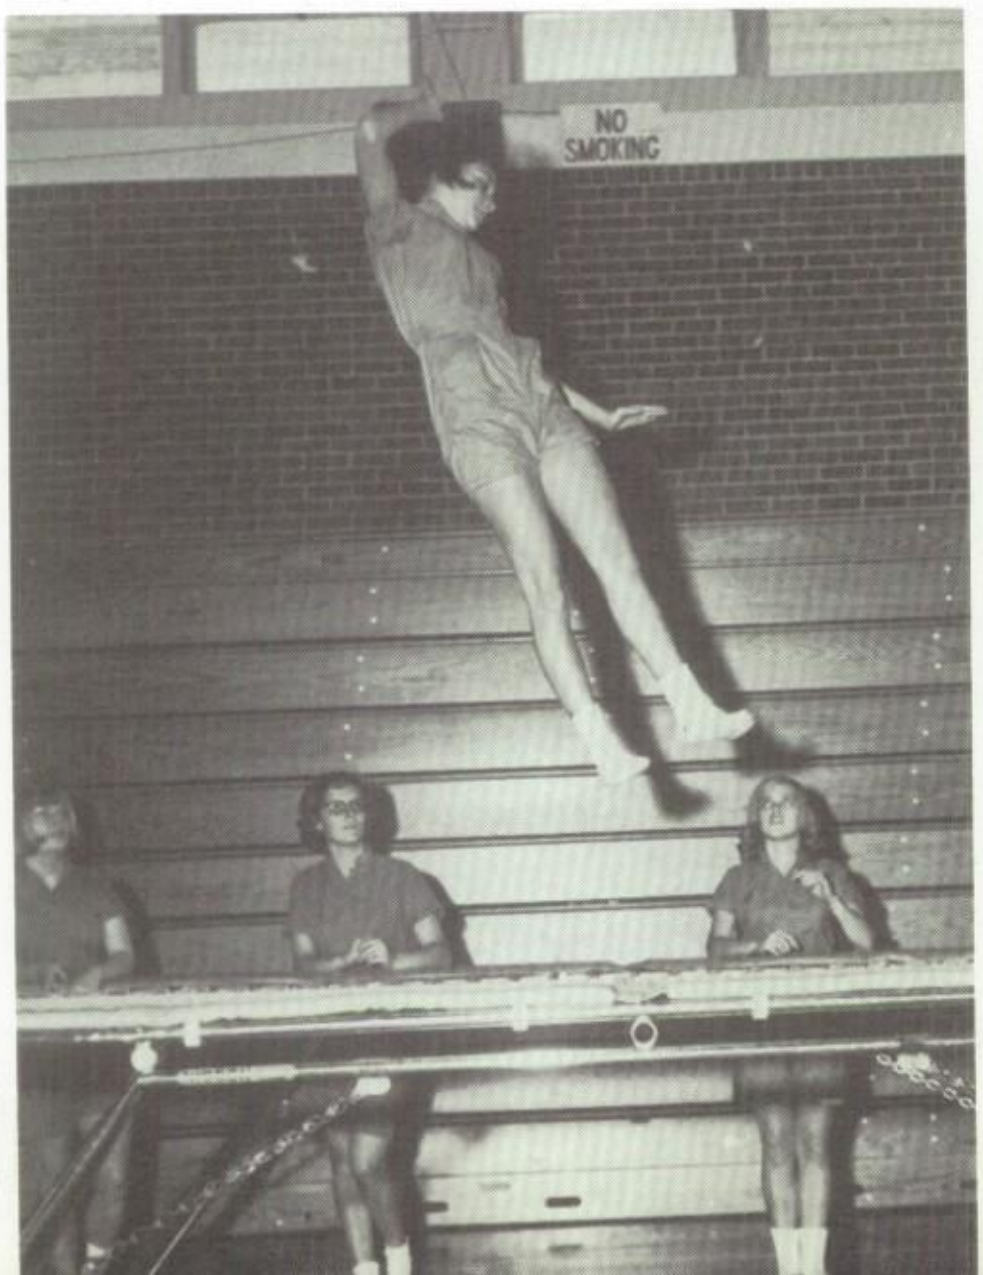
# GRA Has An Interesting Year

Practicing on the trampoline is Brette Baldwin. Her spotters are Jennifer Cunningham, Jane Macklin, and Connie Davis.



The Hillbilly Stomp climaxed the year of activities for the Girl's Recreation Association. The annual Powder Puff football game, which combined juniors and seniors against sophomores, financed the dance.

Both the Hillbilly Stomp and Powder Puff football game have become a GRA tradition. Other events included a Christmas supper, faculty night, and the mixed badminton tournament.

GRA provided an opportunity for high school girls to participate in flag football, basketball, volleyball, gymnastics, badminton, softball, golf, swimming, track, and tennis.

Several guest speakers came to GRA meetings and demonstrated the correct form to use in several sports. Each member participated in the different intramurals and other activities to earn points toward the letter given to high school GRA members.

# Pep Club Promotes School Spirit

A good pair of lungs, a lot of pep and enthusiasm and plenty of school spirit are the qualifications needed for membership in the Pioneer Pep Club. With this leadership the student body of SHS has shown more spirit this year than ever before.

Whether participating in football, basketball, wrestling, track, baseball, or any other sporting event, the Pep Club is behind them, cheering the team to victory.

Pep Club responsibilities were decorating the goal posts for each home game, boosting school spirit by putting up "pep signs" in the halls on game day, and presenting skits for pep assemblies.

Other activities for 1966 included season ticket sales, sponsoring buses to out-of-town athletic events, and mixers after some home-games. Pep Club girls also took up donations at the Del City football game for the Oklahoma Medical Research Foundation.

The 1965-66 "S" Club had another one of its fine years. Among projects "S" Club undertook were, the annual sweatshirt sale, the annual S-Club Western Week, a hay-rack ride, and the annual All-Sports Banquet.

The club also sold concessions at football and basketball games and sponsored numerous mixers after games. A highlight of the year was the crowning of Sandy Swearingen as "S" Club queen. Her attendants were seniors, Jane Mitchell and Pat Shaw. Miss Swearingen reigned over all sports and represented Stillwater at the All-State football game.

"S" Club also staged its annual initiation this spring when members and "scurves" took a weekend trip to a resort area. On the final evening of the ceremonies new initiates were honored by old members at a steak dinner.

If you're late to an "S" Club meeting — which isn't often — then Bull Master Kent Grant gives you a whack. Harley Boggs looks as if he's the one who may be hit instead of Richard Hume.

Suzy,
Well, I can't really say anything you don't already know but you've really got a great personality and you can do a lot with it. (oh well) Hope I see you this summer and maybe we can have something like ART II together next year.
Good luck
Johnny

Well here we are the end of school. Suzy, it has been so great to know you! I'll always think of you as my little "pal" & remember all the fun we've had together. Good luck in Kansas. Remember - duck!!! Remember me for prom night?! Laugh! Be good to all your classmates & all the graduating boys & don't raise — this summer!!!!!
Love always,
Janice

# Outstanding Student

Many students at C. E. Donart High School have received recognition for their outstanding achievements in various fields.

The Student of Today Award is awarded to a senior boy and girl who are chosen on the basis of their citizenship and leadership in the school and community. The Masonic Temple sponsors this honor and awards each recipient a $25 savings bond and a plaque.

The United Nations Pilgrimage is sponsored by the Rebekahs of Stillwater. Miss Davis' winning speech was "What the U.N. Means to Me". She was chosen because of her speaking ability, poise, and personality and awarded a 21-day tour covering 4,000 miles.

The DAR Award is presented by the Daughters of the American Revolution to an outstanding senior girl on the basis of her citizenship and leadership in school activities.

# eceive Recognition

National Merit semi-finalists qualified by taking National Merit Scholarship tests during the spring of their junior year. To be in the semi-finals, the student had to make 143 or above out of the possible 175 on their composite score. The semi-finalists then competed in the finals by comparing the results of their SAT tests. Finalists are announced in the spring of their senior year.

Letters of Commendation were received by students who did not place in the semi-finals but received a creditable score on the National Merit test.

The Pioneer would like to congratulate these students upon the special recognition awarded them.

Glen Epperly spends many long hours working with Vocal Music students to achieve perfection. He has been with C. E. Donart High School teaching staff 21 years. He graduated from East Central State College with a Bachelors Degree and received his Master of Music Education degree from the University of Oklahoma. Under the direction of Epperly, Vocal Music students have entered many state contests.

# Vocal Music Develops Techniques, Appreciation and Musical Understanding

The Choral groups at C. E. Donart High School continued to receive superior ratings at District, State and Tri-State competition. They received a trophy for the outstanding Class A choir. These activities, however, are merely the culmination of the years activities in which they provide programs for the civic clubs, banquets, and other meetings.

This years activities have included performances for the Stillwater Education Association Banquet, the Saint Cecelia Music Club, the Kiwanis Club, and the Northern District Teachers Meetings. This is in addition to their normal output of assemblies which included the Thanksgiving, Christmas and Spring concerts. The highlight of the year was their annual variety show "Pioneer Panorama".

Accompanists: Pam Cook, Beth Fenimore, Karen Dryden, Susan Kamm, Jennifer Cunningham, Janet Weathers.

# Orchestra Strives for Perfection

DAVID HEID

David Heid, director of orchestra, has been with the C. E. Donart High School teaching staff four years. He was graduated from Oklahoma State University receiving both his bachelors' of Music Education degree and his Masters' degree.

Heid has taken his orchestra to many musical events.

The C. E. Donart High School Orchestra, under the direction of David Heid took part in various contests and other activities during the school year. The group competed in the State Contest, held at Oklahoma State University in the spring of 1965 and competed in a contest held at the University of Tulsa.

The orchestra also played at the Tri-State Music Festival in Enid, then traveled to Cushing to the annual Tri-City Orchestra Festival in which groups from Ponca City, Cushing, Enid and Stillwater participated.

Selected for the All-State Orchestra were V. A. Dermer, Lynn Von Gunten, Terry Allen, Gayle Freeman, and Dianne Wheeler.

In cooperation with the vocal music department, the orchestra presented a Christmas assembly for the student body. They also performed at a public concert in the junior high auditorium, and will supply music for the Class Night and Graduation ceremonies.

The annual band-orchestra hamburger fry topped off a successful year for the C. E. Donart High School Orchestra.

# Pioneer Band Boosts School Spirit

James Snodgrass, in his first year at C. E. Donart High School, led the band to a very successful year. The band was also led by twirlers Jo Lyn Tillerson, Joie Reynolds, Louise Weibel, Barbara Musgrave, and senior Drum Major, Bill McGavock.

The C. E. Donart band traveled to District competition at Tonkawa March 17-18, the Edmond contest February 25-26, and to the annual spring contest April 22-23 at Norman.

In addition to winning honors and awards at competition, the band was a great booster of school spirit and morale at assemblies, home football games and pep rallies. The band also assisted in coronation of the "S" club queen at the high school homecoming game.

This year's band queen, senior Jo Lyn Tillerson, was crowned at the Duncan game. Attendants were senior, Barbara Musgrave, and junior, Joie Reynolds.

The concert band made an appearance at the Tri State Music Festival in Enid and ended an eventful year with the spring Concert for parents and students.

Outstanding band members chosen to play in Oklahoma State University's band clinic were Linda Reddout and Mike Wass. The All State band members chosen were Wass, Jerry Ginn, Kathy Hunter, Miss Reddout, and Bob Henry.

As a fund raising project the C. E. Donart band held "Tag Day". Band Booster tags were sold on the city streets to any citizens who wished to purchase them.

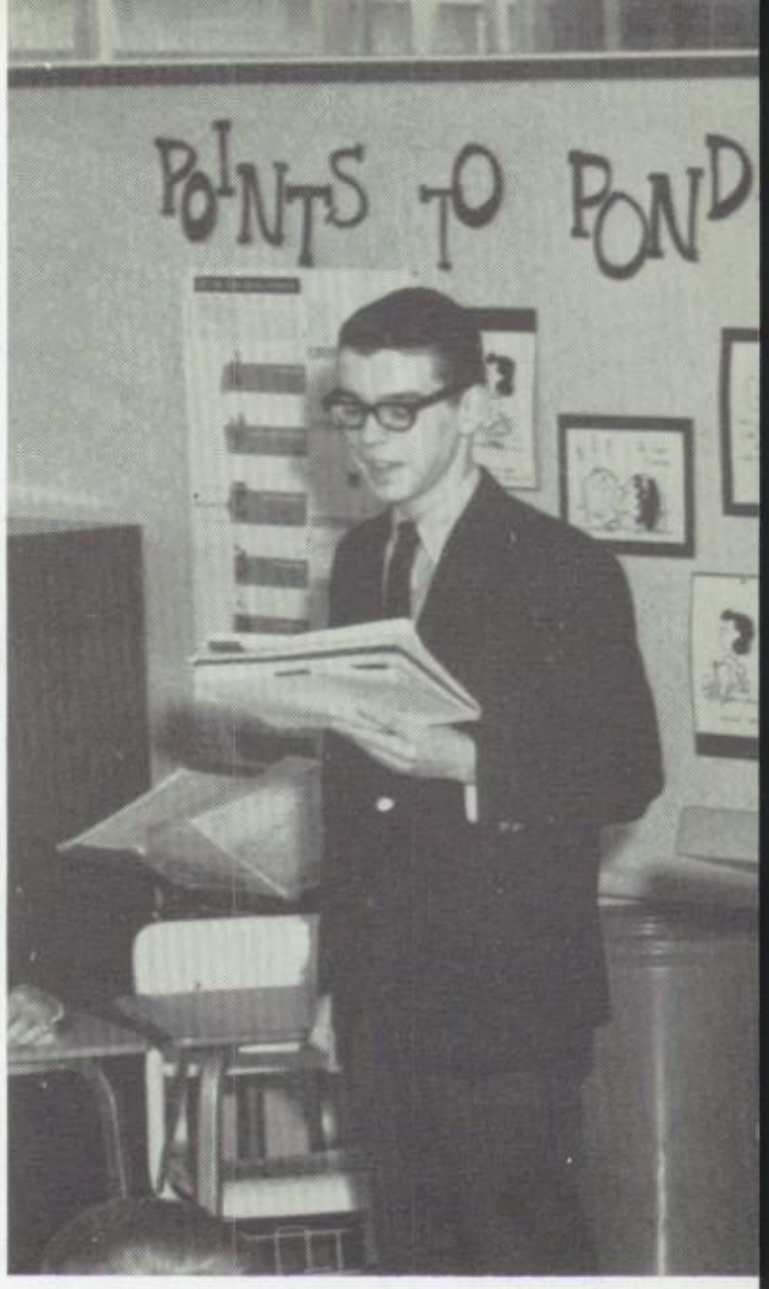
Mrs. Edna Claunch gives her debate students some last minute instructions before departing to Weatherford, Oklahoma for a tournament.



Robin Janes practices his debate arguments by presenting his side of the question to the sixth hour debate class.

# Debate Has A Successful First Year

Debate's first year was a successful one for students and their sponsor. Class members prepared affirmative and negative sides to the national debate question and presented them to the class. Practice rounds in class helped students present their cases at tournaments. Debaters went to Lawton, Alva, Enid, Guthrie, and Okmulgee, where Meredith Williams placed third with an extemporaneous speech and Ponca City and Weatherford where Janet Weathers placed first with an extemporaneous speech.

Mrs. Edna Claunch

Shirley Collyar, Linda Zimmerman and Mrs. Karen Nickell, instructor, work together on a cutting from 'The Bad Seed', a duet the two girls took to a tournament.

Jeanette Johnson, Debby Knight, Jan Potts and Kathleen Harrington portray mop women who have a secret yearning to become 'ladies' in, "Sisters Under the Skin", a one act play put on by the Speech Department.

# Speech Benefits Students In Many Ways

Speech I is a general introductory course which covers fundamentals of public speaking, voice, gestures, and listening. First semester public speaking, group discussion and parliamentary procedure were stressed.

Second semester was devoted to oral interpretation, poetry and one act plays. Students must do one humorous or dramatic literary interpretation and are required to see one live stage production each semester. The speech department tries to attend one Town and Gown performance as a group.

Speech II is an oral interpretation course. Students study phonetics, theater history, costume, make-up and scene design. All students study and try phases of tournament work.

The newly formed Drama class is in an experimental stage. This class is used primarily for tournament work and was open to students who had completed two years of speech.

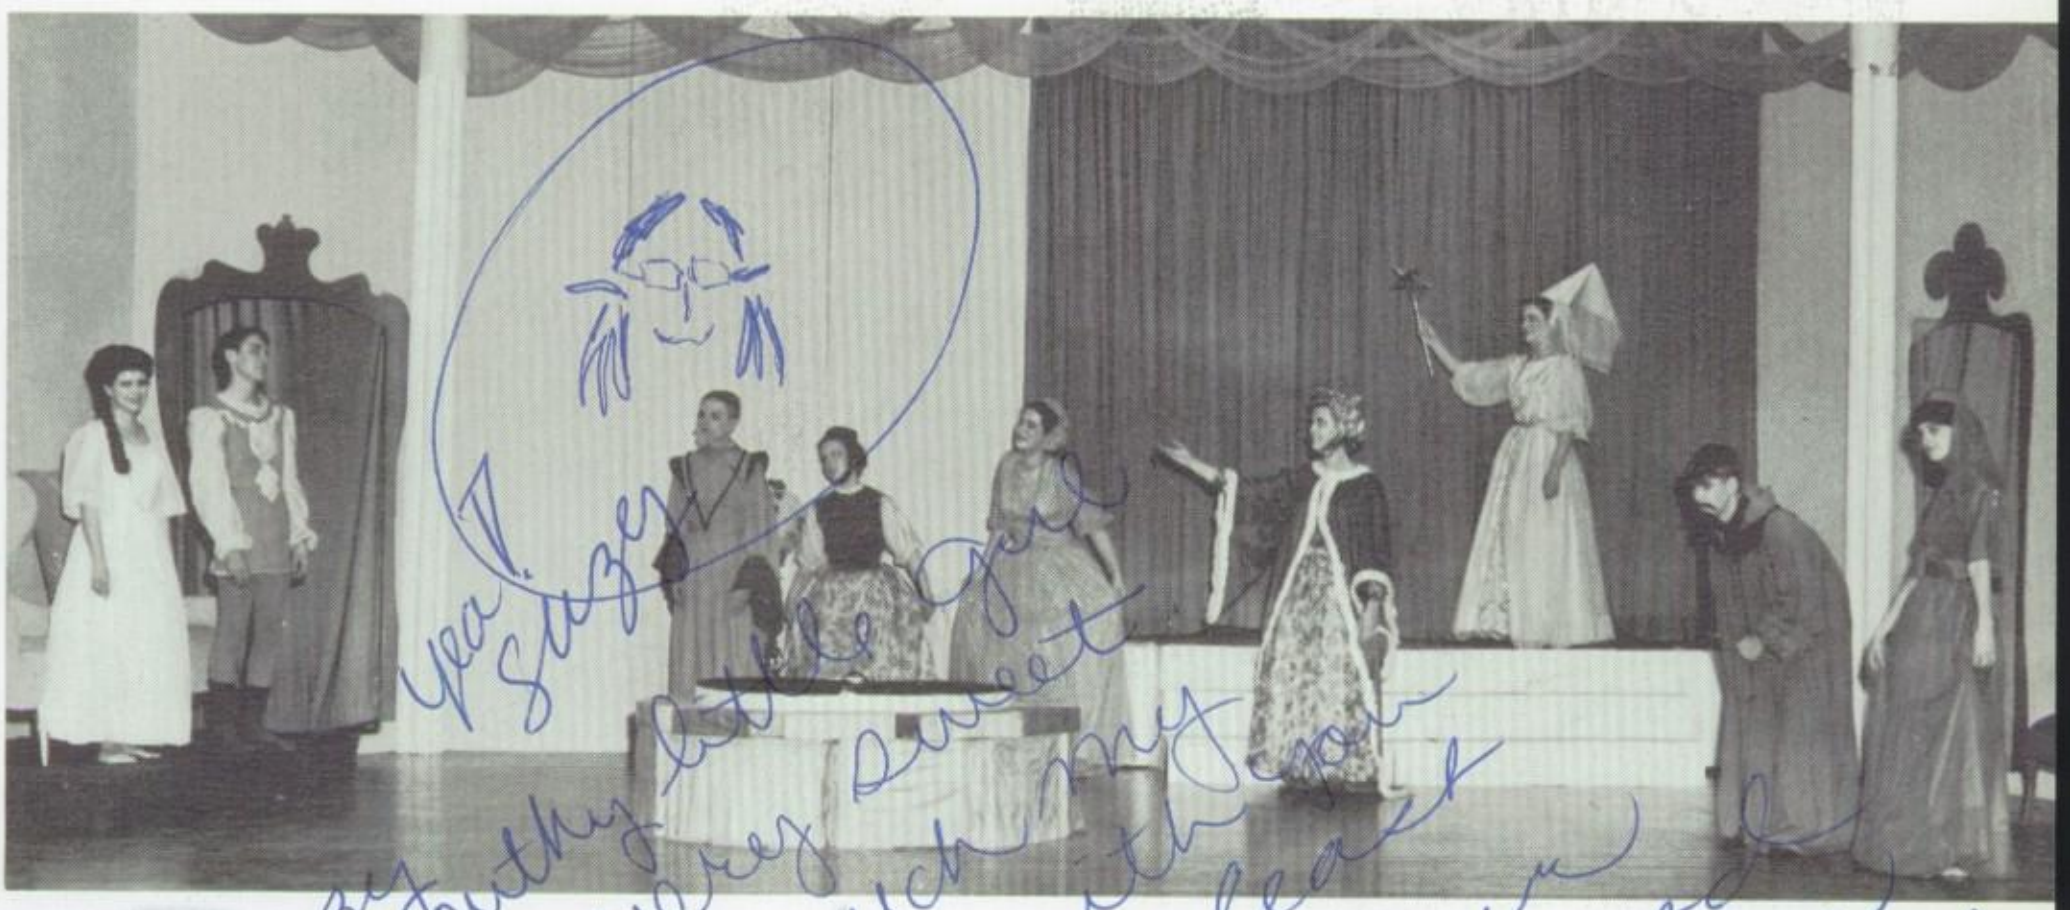
Students have worked diligently to earn honors for Speech. Greg Hubbard, junior, took first place with a humorous reading, and he and Jo Beth Burrus, senior, took third place with a humorous duet; Linda Zimmerman, junior, took third in poetry; and Shirley Collyar, senior, placed second in poetry. Miss Collyar also was awarded Best Actress at a Chickasha tourney.

The Speech Department presented five one act plays in November and dramatized Maxwell Anderson's three act play "The Bad Seed" April 21-22.

"Three Days in the Jungle — they will never find us", is a line from "Sky Fodder", a one act play put on this year by Paul Porter, Bob Bryan, and Corky Green.

MRS. KAREN NICKELL

Karen Nickell completed her second year at C. E. Donart High School as speech instructor. Mrs. Nickell attended Northwestern State College in Alva, Oklahoma, receiving her Bachelor of Arts degree in Speech and English. She also serves as sponsor of Thespians.



The entire cast of 'Beauty and the Beast', a play put on by the High School Speech Department, assembles for the finale. Each year the Speech Department puts on a three act play which climaxes the year.

# Annual Production--Big Success

In a scene from 'Beauty and the Beast' Susan Rippy, who played the part of the Queen, is confronted by the beast and his two friends. The animals were portrayed by Kathi Musgrave, Paul Porter and Larry Morton.

Kathi Musgrave and Cindy Fite examine fabrics they have taken from a chest while Bill Noble (center) looks on, during a scene from the Speech Department's 'Beauty and the Beast'.

# Art Serves as Vocation or Hobby

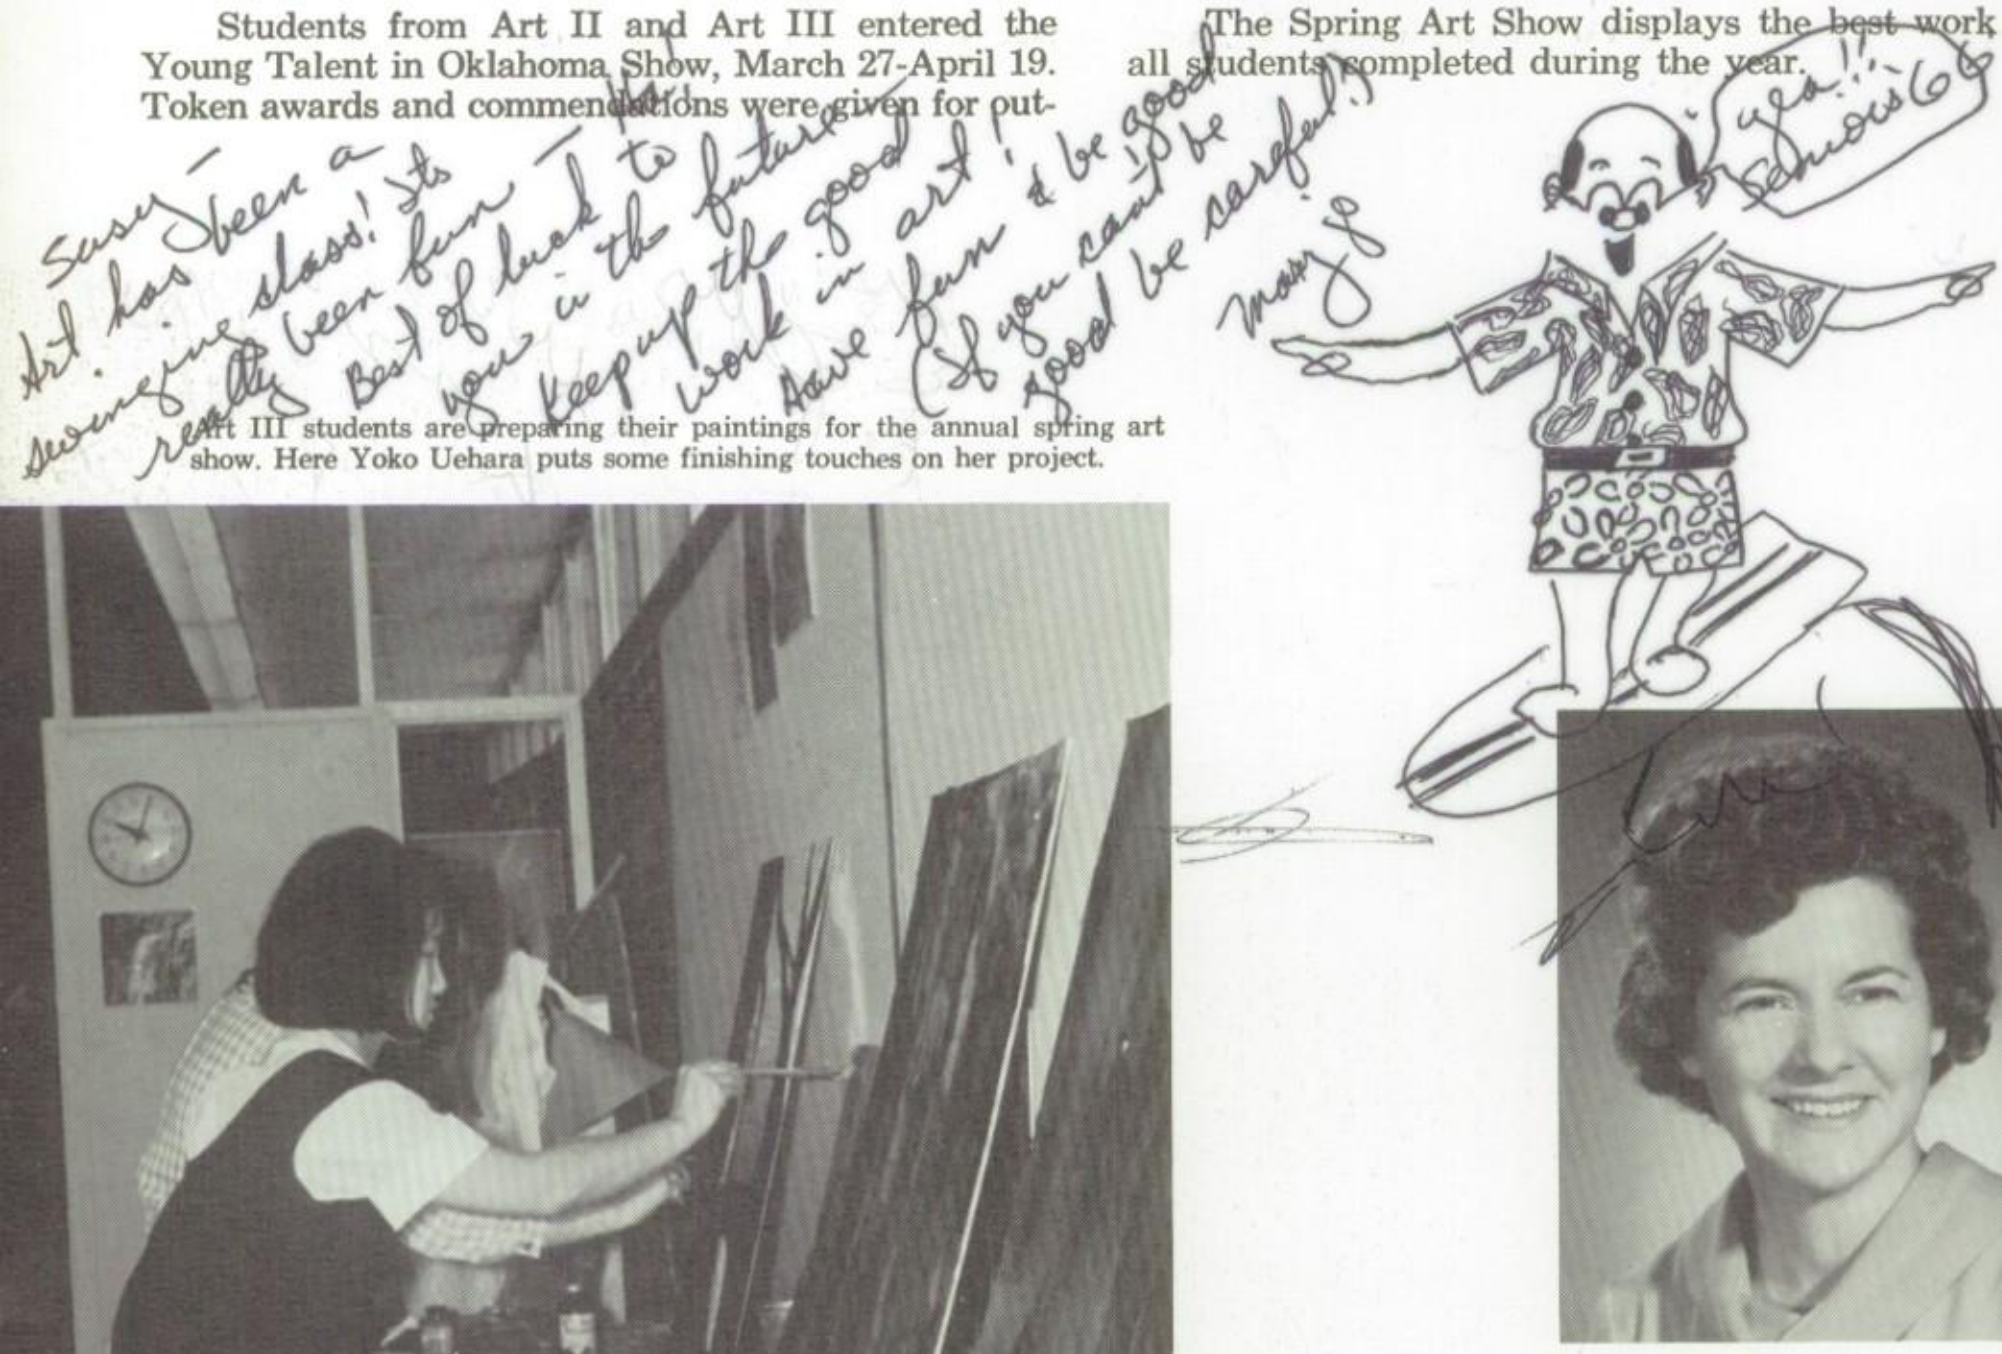
Art students at C. E. Donart High strive to appreciate, enjoy, and understand fine art and gain skills from art principles which will aid them throughout life as a vocation or hobby.

This year Mrs. Betty Fryrear, art instructor, entered the Oklahoma Art Teachers Invitational, March 6-31, at the Museum of Art on the University of Oklahoma campus. This recognized the creative contributions of artist-teachers in both public and private schools.

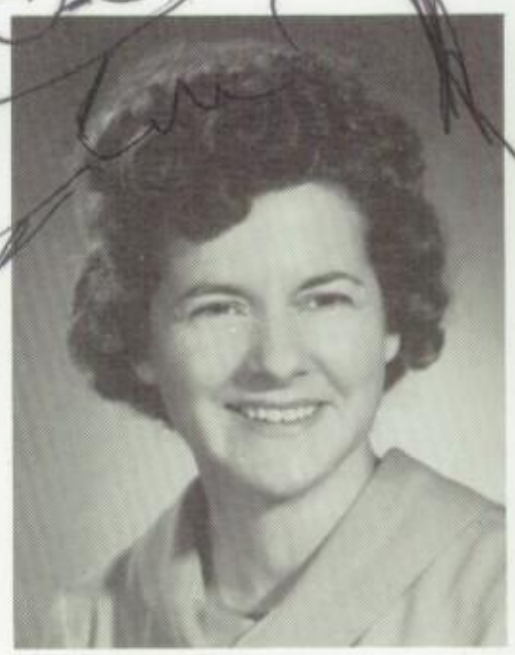
Students from Art II and Art III entered the Young Talent in Oklahoma Show, March 27-April 19. Token awards and commendations were given for outstanding work on various catagories. At the show seniors were able to compete for a scholarship award by submitting their portfolios.

Art is taught on three levels with first year students learning the fundamentals of color and design. Art II classes learn to apply the basics acquired in Art I with practical assignments like advertising layouts and commercial illustrations. The advanced art students strive for a professional quality and originality of presentation.

The Spring Art Show displays the best work of all students completed during the year.

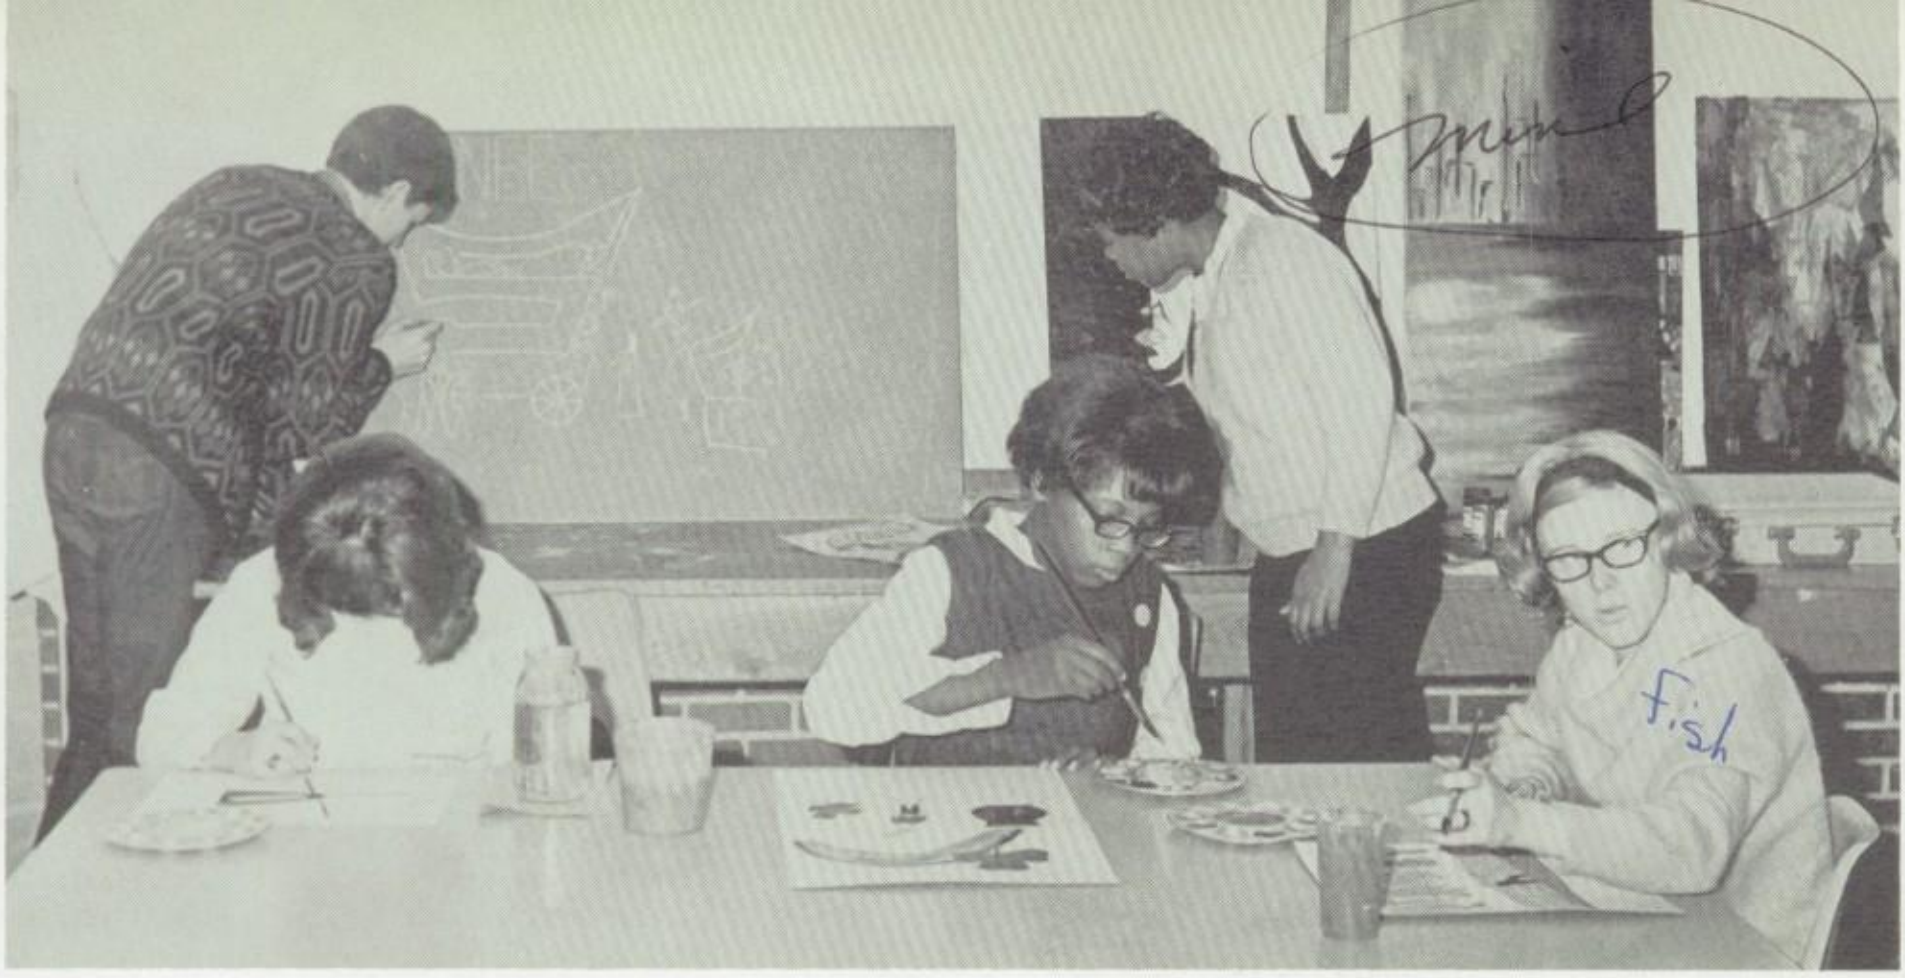


Art III students are preparing their paintings for the annual spring art show. Here Yoko Uehara puts some finishing touches on her project.

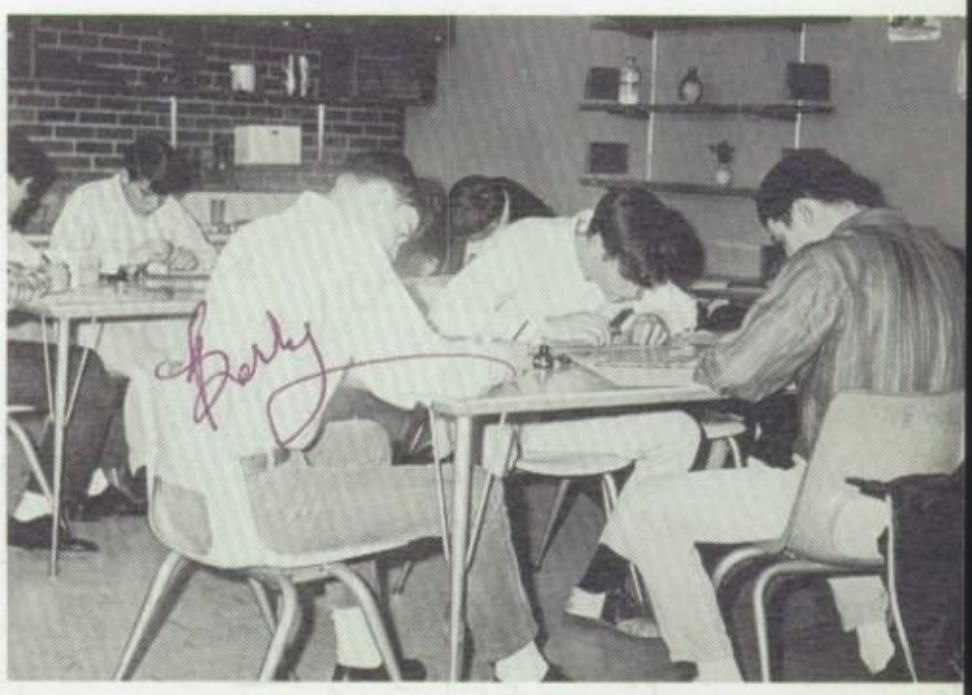


MRS. BETTY FRYREAR

Mrs. Betty Fryrear, who has completed four years as art instructor at C. E. Donart, is currently working toward completion of her Masters degree at Oklahoma State University. She has taken art courses under the direction of Doyle Reed, Dale McKinney, David Allende and Richard Goetz. Her advanced work in art education has enabled her to provide students with a deeper appreciation of art.



Art II students put the finishing touches on water colors they have been working on.



Seniors, Barry Woods, Chuck Hornbostel, and Ronnie Compton find that learning to letter, one of their art projects, is rewarding and enjoyable.

Mrs. Fryrear's Art I students begin a new phase of art-lettering.

# Harris Has Successful Third Season

In his third season as head coach at Stillwater High, Jim Harris led his band of Pioneer footballers to the District 2-AA Championship and the semi-finals of the Class AA Playoffs. He has compiled a 26-11 record while serving as head coach. Harris and his aides developed a young and inexperienced team into one of the best in the state.

Even though they were highly rated by the state newspaper writers before the season there were many doubts as to the strength of the team. Through much hard work and a lot of determination the team developed into a well rounded squad.

Assisting in his third year as backfield coach was C. D. Mihura. Since becoming backfield coach at Stillwater High, Mihura's offenses have shown a lot of spark. This year he molded his attack around two hard runners, Eugene McGlory and Kent Grant. Aside from a strong running attack, Mihura managed to get in his usual amount of razzle-dazzle plays that added spice to the Pioneer offense.

Taking over the duties of defensive coach was John Roberts. Coach Roberts was on the staff in 1963 when he served as "B" team coach. Upon his return Roberts put together a fine defensive squad from a bunch of inexperienced players. They showed they could play tough defense as they shut out three of their first four opponents.

This year's "B" team coach was Ron Jacobs. Jacobs came to Stillwater from Putnam City where he served as head coach. He led the Boomers to a 4-3 season this year.

Stillwater coaching staff consists of John Roberts, C. D. Mihura, Ron Jacobs, and Jim Harris.

# Pioneers Shutout First Two Opponents

### September 10 — Sapulpa — There

A strong running attack proved to be too much for the Sapulpa Chieftains in the season opener as the Pioneers rolled up 348 yards on the ground. Grant and McGlory gained 135 and 126 yards respectively to lead Stillwater.

The defense yielded only 63 yards rushing to their opponents and showed a lot of hustle as they kept Sapulpa at their own end of the field most of the night. The Pioneers were in control all the way as they took the opening kickoff and moved 75 yards in 10 plays. After that it was strong defense and hard running for SHS as they shut out the Chieftains 26-0.

### September 17 — Bartlesville — Here

The Pioneer defense showed for the second week in a row that they could play tough as they held Bartlesville scoreless and gave up 46 yards to the Wildcats All-State fullback Spencer Kissell.

On offense the Pioneers followed the same pattern as the previous week by taking the opening kickoff and marching in for the score. Grant scored the first touchdown on a four yard run and added another before the half ended as he took over from the nine yard line. Jesse DuPree added the final touchdown in the fourth quarter as Stillwater downed the Wildcats 20-0.

The defense stiffens as Greg Sherrill (66), Jackie Day (30), Eugene McGlory (32), Kent Grant (42), and Charlie King (61) hold Bartlesville's All-Stater Spencer Kissell to short yardage.

### September 24 — Ponca City — There

Stillwater's football machine found the going a little rough as they took on AAA power Ponca City in their third game of the season. The Pioneers had a 13-7 lead at the end of the first half, but that was soon taken care of as the Wildcats came bouncing back in the opening minutes of the second half to take a 14-13 lead.

Each team scored again in the third quarter and Ponca's 21-19 advantage stood until the final gun. Stillwater had trouble containing the Wildcat quarterbacks, as they gained a lot of yardage on rollouts to spark the Ponca attack.

Linemen Bob Hill (50), Mike Turvey (72), Richard Ely (60), and Chester Thayer (76) give Jim Miller (hidden) good protection as he kicks a field goal against the Guthrie Bluejays.

# Pioneers Win First Conference Game

### October 1 — Guthrie — There

In their first conference game of the season the Pioneers experienced difficulties against the Guthrie Bluejays but managed to win after a tough battle. The first half was a defensive contest as the only score came on a 20 yard field goal by Jim Miller with :06 left in the half and Stillwater led 3-0 at half time.

Late in the third quarter Jim Myers set up the only Pioneer touchdown as he blocked a Guthrie punt on the Bluejay 17 yard line. Quarterback Tim Kinney scored from the three with :46 left in the quarter, and Stillwater hung on for dear life in the last 12 minutes of play. The 10-0 victory for the Pioneers was their third shut out of the year.

### October 8 — Norman — There

The Pioneers then traveled to Norman where they met defeat at the hands of another AAA power. Norman took a half time lead of 7-0 and felt lucky to have it because two Pioneer drives were halted by bad breaks. On the first play of the fourth quarter Stillwater knotted the score on a touchdown by Kinney.

That set the stage for the final four minutes of play. Stillwater battled to the Norman 17 yard line and then called on Miller to hit the field goal that gave the Pioneers a 10-7 lead with 1:47 remaining. The Tigers scored three plays and 42 seconds later on a pass play and the Pioneers went down in defeat 13-10.

Eugene McGlory takes off on one of his many long gainers against the Edmond Bulldogs while Kent Grant (42), Jesse DuPree (13), Doug Wilsey (64), and Charlie King (61) bring up the rear.

Jesse DuPree lowers his head to get a few extra yards against the Guymon Tigers as Bob Bryan (74) and Bob Hill (50) look on.

Pandemonium breaks loose in the dressing room after the Pioneers win the District 2-AA Championship from the Northeast Vikings.

# Shutout Highlights Homecoming

October 15 — Edmond — Here

Stillwater then returned home for its second conference game against the Edmond Bulldogs. The Pioneer's McGlory had his best night of the season as he pleased the crowd with some fancy running. He scored on jaunts of 29 and 91 yards while piling up 217 yards in all.

Quarterback Kinney added a little variety to the attack as he scored three touchdowns, the longest being 55 yards. The 47-20 victory for Stillwater was their second conference win against no defeats.

October 22 — Guymon — Here

In their Homecoming game Stillwater played host to the tough Guymon Tigers. Guymon gave the Pioneers a real battle in the first half as the teams went to the dressing rooms deadlocked in a 0-0 tie. The second half was a different story as Grant and McGlory came to life to spark the Pioneers. Stillwater scored the first two times they got their hands on the ball in the second half and then coasted to a 14-0 victory. It was the fourth shut out of the season for the Pioneers.

Coaches Harris, Mihura, and Jacobs give a few half time pointers to Chester Thayer (76), Jesse DuPree (13), Kent Grant (42), and Doug Wilsey (64).

### October 29 — Blackwell — There

The championship game for the Northern half of District 2-AA turned out to be a field day for fullback Grant and the Stillwater Pioneers. Grant scored three touchdowns on runs of 16, 50, and 62 yards while gaining 195 yards overall. Two of his touchdowns came on first down plays after the Pioneers had taken possession of the ball. The other was on a second down play.

After mounting a 39-0 lead Stillwater sent in its second team defense. They allowed Blackwell its only score of the night as Stillwater completely dominated the game by a score of 39-6.

### November 5 — Duncan — Here

Stillwater's McGlory gained his 1,000th yard in the eighth game of the season as the Pioneers dumped Duncan 24-13. Stillwater scored three of the five times they had control of the ball in the first half and led 17-7 at half time.

Both teams scored in the second half with Stillwater getting its touchdown in the third quarter and Duncan punching theirs across in the fourth. This victory left Stillwater with a 7-2 record going into their final regularly scheduled game.

### November 12 — Del City — Here

In their last scheduled game of the year the Pioneers had trouble getting their ground game going against the big Del City defense. Stillwater went out ahead on a 53 yard scoring burst by McGlory in the first half, but the Eagles took the lead in the third quarter 12-7.

Grant then scored a touchdown to put Stillwater ahead with only 2:35 left on the clock. The Pioneers could not hold Del City, however, as they marched to the Pioneer five yard line with :08 left to play. They then called on Gene Gibbons who had never made or even attempted a field goal in his three years of high school football. He was on the mark as he toed the ball and Del City won 15-14.

November 19 — Northeast — There

Stillwater then went after the 2-AA crown as they faced the Northeast Vikings. Northeast took a 6-0 lead in the first quarter, but the Pioneers came bounding back and led 14-6 at intermission.

With 8:14 to play in the game Stillwater found themselves behind 22-20. In a drive that lasted 7:02 the Pioneers had many close calls but managed to push it over for the score and led 26-22. With 1:12 to go it looked as if Stillwater was in store for another thrilling finish due to the Viking's strong passing attack. But on the first play from scrimmage Earl Schnell intercepted the Northeast aerial and the Pioneers were home free.

# Stillwater Wins 2AA Championship

**November 26 — Altus — There**

For the semi-finals of the Class AA Playoffs the Pioneers met the Altus Bulldogs in what turned out to be a sad ending to a good season for the Pioneers. Altus scored 20 points in the second period to lead Stillwater 20-7 at half time after a scoreless first period. Stillwater's touchdown was scored on an 86 yard kickoff return by McGlory.

Each team scored a touchdown in the fourth quarter and Altus went into the State AA title game with a 27-14 victory over the Pioneers.

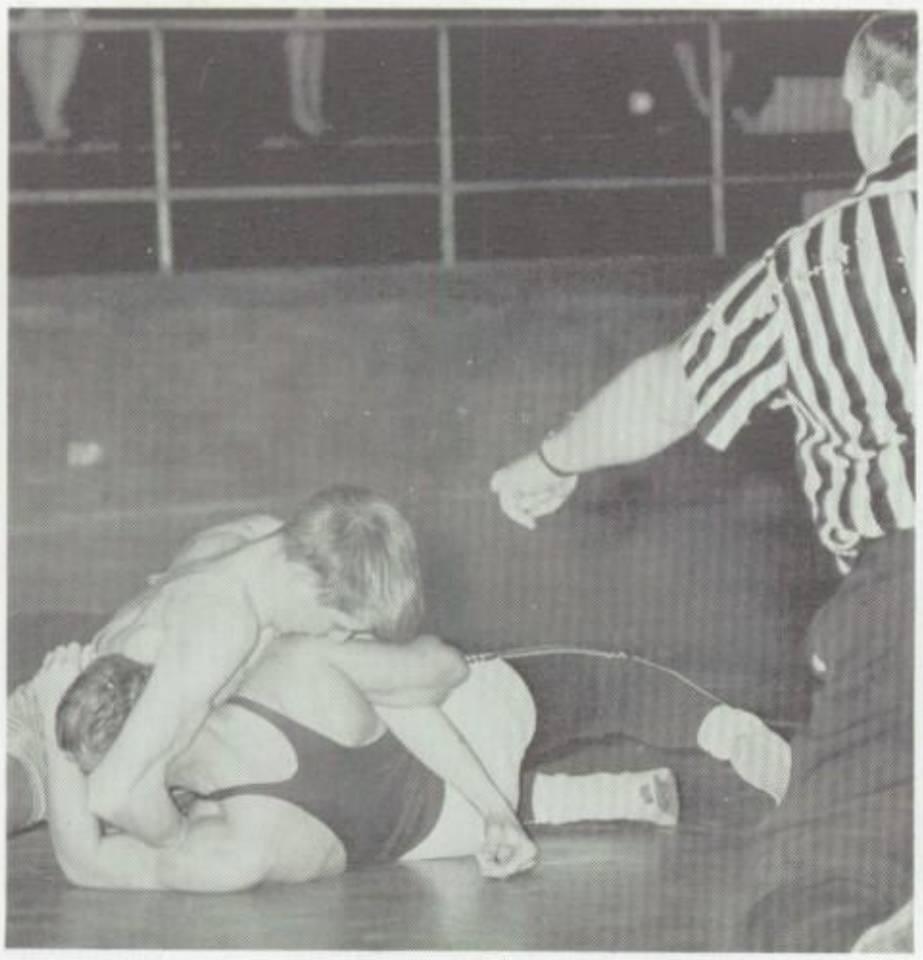
Charles Hetrick
*Wrestling Coach*

The 1966 version of Pioneer Wrestling had a season full of close matches. Stillwater lost four matches by less than four points while pulling out a 17-16 victory over Tulsa Central. Their final dual record was 2-6 with their only other victory being a 37-2 bout over Oklahoma City Northeast.

In his eighth year as head wrestling coach at Stillwater High, Coach Hetrick did a fine job in guiding his inexperienced grapplers through the season. During the season only four seniors wrestled for the varsity while four juniors, five sophomores, and one freshman made up the remaining members of the squad.

In tournament action the Pioneers won third place at the Ark City Tournament and The Big Four held in Ponca City. The grapplers didn't show too well in their two trips to Tulsa for the Edison Tournament and Class AA Regionals, as they were wrestling against tough double A competition.

Stillwater did have a 130 lb. champion at the Edison Tournament in Chuck Hetrick, while Bob Stites was AA Regional Champion at 136 lb.



Sophomore 130 pounder, Chuck Hetrick, is shown here as he pins 1965 Defending State Champion, Ronnie Smith from Blackwell.

# Pioneer Roundballers Have Winning Season

Coach Martin Loper

In his twelfth season as head coach of the Stillwater Pioneer basketball team, coach Martin Loper found himself blessed with a large group of returnees from the '65 varsity. Returning starters Mike Smith, Mark Adkins, Buddy Wyatt, John Hoke and Eugene McGlory, plus 6'3" Glencoe transfer Danny Garringer formed a strong nucleus for this year's squad.

At mid-season, the Pioneer's record of 7-4 did not appear too impressive, but fine team play brought the team around as they finished their last eleven regular games with only one defeat, to give them a season record of seventeen wins and five losses.

Among their top victories were two wins over highly rated Ponca City, the second being a 55-42 victory on the Wildcat's home floor. The Pioneers split in their home series with Oklahoma City Harding. The loss was a 46-48 setback, while the win was a 61-35 drubbing by Stillwater.

The Pioneers five losses were all close games as they lost by five points to El Reno in overtime at the John Marshall Tournament and Guthrie. They lost by three to McGuiness and one bucket was the difference against Harding and Guthrie, as the Bluejays were the only team to defeat the Pioneers twice this season.

Stillwater had a well balanced scoring attack as Smith and Garringer usually held down scoring honors while Hoke helped with some good scoring in mid-season.

Martin "Red" Loper
*Tennis Coach*

This year was the first full season for the boy's tennis team. James Sanders, C. E. Donart principal, brought about the organization of the team in 1964-65. Coaching the newly formed tennis team is Martin Loper, who is also the high school's basketball coach.

The varsity netters were selected through an inter-squad meet in which each participant had an opportunity to prove his ability for varsity competition. Fourteen Pioneers participated in the newly introduced sport with the field being narrowed down to eight men who composed the competitive team. The varsity team was divided into four singles and two doubles teams for match play.

The tennis team played Edmond twice, losing the first time, 1-3, but winning the next match, 4-2. These were the only matches the team played due to their late organization.

1966 Cross Country Team

ROW 1: Charles Pohl, John Peaden, Robert Gough, and Terry Allen. ROW 2: Ray Jackson, Bill Hornbostel, Bill Noble, Harley Boggs, and Coach Ron Schnee.

# Cross Country Improving at SHS

Coach Ron Schnee

Coach Ron Schnee led his Cross Country team to a successful season in his first year as head coach. Although they did not win a dual meet in their second year of existence, the Pioneer harriers showed good strength in tournament competition.

The squad started working out early in September as four returning senior squadsmen led the way. The returning seniors included Terry Allen, John Peaden, Chuck Hornbostel, and Robert Gough.

During the season the team competed in six invitational tournaments, placing first at the Oklahoma Baptist University Invitational, second at Lawton, third at the Oklahoma City six-mile Relay, and fourth at the Oklahoma State University three mile Invitational.

Pioneers leading scorer was team captain John Peaden, who had an impressive record as he placed second in the Enid dual, third in the Ponca City dual, and the OBU Invitational, fifth at Lawton and the OSU Invitational. His teammate Chuck Hornbostel was number two scorer being close behind Peaden all season.

The '66 Pioneer baseball team had their work cut out for them bettering last years' 15-5 mark after being elevated to Class AA this season.

Head Coach C. D. Mihura began his third season with nine returning lettermen, five seniors and four juniors.

Pitcher Jesse DuPree, whose 7-1 record last season qualified him for an All-State honorable mention headed the returning seniors. Others were catcher Kent Grant, infielders Bob Callahan and Eugene McGlory, and pitcher Bob Hill.

Returning junior lettermen were catcher David Hartman, infielder Buddy Wyatt, pitcher Tim O'Donnell, and outfielder Wayne Dotter.

The '65 Pioneer hardballers closed an impressive season dropping a close one 2-0 to Oklahoma City Northeast in the State semi-finals last season.

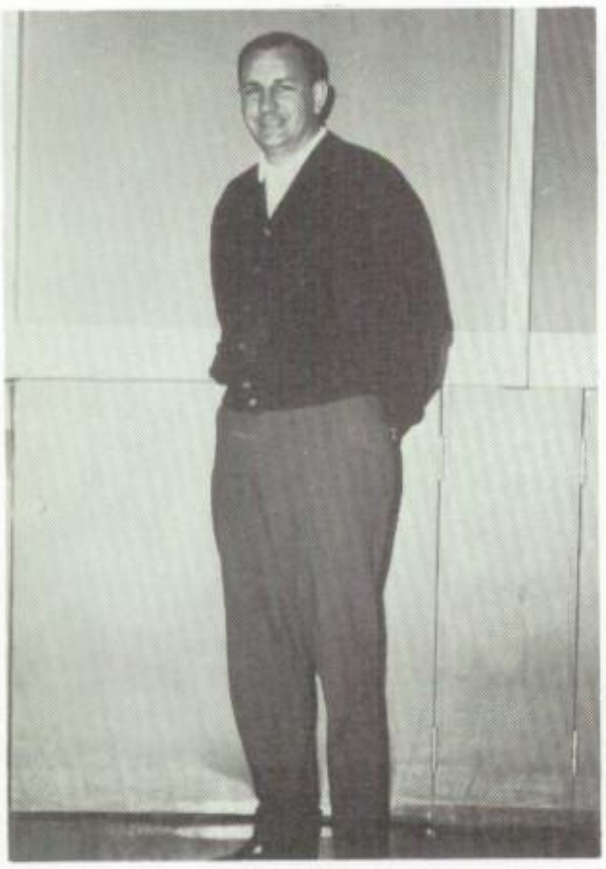
# Tracksters Run for 51 Straight Victories

Coach Ron Jacobs



Stillwater High's tracksters took a string of 51 straight dual meet victories into this year's action. The Pioneers had four wins last year against Putnam City, Edmond, Del City and Ponca City. In invitational competition the thinclads showed an impressive record as they won the District Championship by a large margin and placed first in OSU Relays as the mile and two-mile relay teams won their events. Other high finishes included second place at both the Alva and Enid Invitationals.

Coach Ron Jacobs had a strong group of returning seniors as he began his second year as head coach.

Eugene McGlory was the leading dash man along with Jim Lewis in the 440.

Leading distance returns were John Peadon and Bill Hornbostel. In field events, the Pioneers were led in the pole vault by three returnees including Burr Ross, Jim Myers and Kirby Brock. Bill Brant was favored in the high jump while Doug Wilsey, Greg Sherrill and Mike Turvey held down the weight.

# '65 Linksters Take State

The 1965 Pioneer linksters captured the state Class A Golf Championship by seven strokes over Oklahoma City Northeast in a tournament that spelled victory all the way for Stillwater. After taking a six stroke lead on opening day, the Pioneers stayed in control throughout the tournament.

Stillwater's winning four man total was 619 compared to 626 for runner-up Northeast. The Pioneer two man team and individual leaders took a back seat to Northeast, however, and had to settle for second place.

In regular dual competition the golfers completed a record against some tough opponents.

Coaching this year's varsity was Kent Gardner, who is Junior High football and basketball coach. Last year he coached the Junior High golfers.

The '66 varsity suffered from a lack of experience with the only two returnees from last year's linksters being senior Mark Adkins and junior Doug Tewell.

# Girls' Athletic Interest Increased

A new interest in girls' athletics has developed during the past several years. Two of the most popular fields are tennis and golf. Teams were selected in both activities and practices were held regularly. The tennis team was organized this year. The golf team was host at the state tournament held in Stillwater this Spring. Tennis is coached by Mrs. Judy Sims while Kent Gardner coaches the golf team.

# Athletic Teams Promoted by Girls

Interest in swimming and badminton has grown rapidly. The badminton team has been connected with C. E. Donart for four years while this was the first year girls swimming was highly promoted by students. Both groups participated in several activities with other out-of-town teams. Mrs. Judy Sims sponsored the badminton team and Colonel James Cutter, OSU Swimming coach, assisted the girls swimming team.

Susan,

This year has been a great one - due, a great deal, to a certain "little sister"! You were great, Suzie, and I really appreciate your friendship. I'll never forget some of the times we had. Suzie, you are a sincere, sweet girl, one I won't forget. You've got a lot on the ball - & keep it going - I know the rest of your high school years will be great - & you certainly deserve it. Thanks for being such a good friend and listener.

God Bless you

# Yearbook Staff of '66

Discussing a selection of yearbook pictures and layouts at Frontier Printers with Drayton Deen, left, and Howard Geis, right, is advisor Micki Goins. Deen and Geis assist the annual staff with many phases of yearbook production.

The production of the 1966 Pioneer began last fall under the direction of Micki Jo Goins, new journalism sponsor. Many new additions were added by the staff members. Among these were four new class personalities, a new advertising campaign and the changing of the senior class section, thus increasing this year's annual by over 40 pages.

Co-editors Randy Berry and Pat McPheron, accompanied by Mrs. Goins, attended a fall workshop held at Central State College, Edmond. Journalism I and II students participated in a fall conference at Oklahoma State University, Stillwater.

The two co-editors were among 20 state students to receive special certificates at the OSU conference for outstanding work in journalism. Besides this conference, several section editors, along with Mrs. Goins, attended a meeting at the University of Oklahoma, Norman.

The 1965 Pioneer yearbook, edited by Martha Parrott, received a "With Highest Honors" award at the Oklahoma Interscholastic Press Association conference held at Norman last fall. Along with this the '65 Pioneer received the "Medalist" award from Columbia Scholastic Press Association, ranking it first in the nation in its class.

The annual staff of 1965-66 hopes that you enjoy this year's edition of the "Pioneer". It has been changed to comply with new trends in yearbook publication and we hope you like the new look.

# Producing All-School New

Meeting a Wednesday 5 p.m. deadline was the constant challenge of the All-School News staff this year.

The All-School News, C. E. Donart High's student newspaper, is published each Friday during the school year in the Stillwater News-Press by Journalism II students.

In addition to providing on the job training for future journalists, the All-School News helps to bridge the communication gap between the high school and the townspeople, keeping them informed about school activities.

Editing the paper for the '65-'66 school year were Enoch Needham and David Susky.

Handling the heavy duties of photography for the All-School News were Jim Shideler and Greg Sherrill. Shideler and Sherrill did all their own work in picture production doing all shooting of pictures, developing, and printing of photos themselves.

Richard Hume was sports editor for the paper with Jesse DuPree, a Journalism I student, as assistant. Forming the rest of the sports staff were Eugene McGlory, Pat Smith, and Jay Thomas.

Club news and general news made up the largest portion of copy in the paper. Covering these varied fields were Diane Parcher, Roger Thompson, Judy Henley, Larry Dehls, Karen Ventris, and Delores Reinholtz.

Returning to school in September, the editors immediately began work on the first issue published on September 3rd after only three days of school. Another "first" for the staff was the production of a Christmas Eve issue.

The All-School News was again selected as one of 26 schools in Oklahoma to edit the Times for Teens page published during the year by the Oklahoma City Times. Editors Enoch Needham and David Susky and sponsor Mrs. Micki Goins traveled to Oklahoma City January 19th to produce the page which was published January 26th.

Journalism II students work hard throughout each week preparing the All-School News. Writing and typing stories, copy reading, planning the layout, taking photographs, writing cutlines and headlines, and checking last week's issue for errors are all jobs second year students must do to publish the All-School News each week.

Suzy & Mrs. Cook

This year has really been great! Suzy we have really had some wild times together Suzy I hope that your Sr. year is as great as mine was. I want you to treat the ole School real great. Mrs. Cook I hope the Democrats win in Nov. (I bet you they just might if Mr. Gary doesn't get it!) I hope I can see & talk to you again you're a lot of fun to talk to. Suzy its been good knowing you this year, Good Luck in all you do.

# Acknowledgements

We would like to thank all those who have helped us in the production of the '66 Pioneer.

Our special thanks is extended to the advertisers and patrons who have helped make this year's annual possible.

Also, we would like to express our appreciation to the official photographers, Ticer's Studio, and the lithographers, Frontier Printers, for their professional assistance. Their services were invaluable to us.

The administration, faculty, and student body were most cooperative with us in compiling this — the *'66 Pioneer*.

The Stillwater News Press cooperated with the annual staff by lending us photographs for the sports sections. We are also indebted to Robert Schenandoah, C. E. Donart instructor, for the numerous annual pictures he took for the staff.

The staff members of the *'66 Pioneer* have tried to give you a complete look through the doors of life at C. E. Donart.

*The Staff*

Suzy, Well one more year Finally gone Happiness is graduation. I had fun down the drain - in your Senior Year - not much worry but you will. Keep TOG's the great club it is - and always will be. Best of Luck, Jill Sr '66

TOG · For EVER

Suzy, to a real sweet girl. We have had loads of fun this year in T.O.G. and school! It's just about over for this year but we have the summer. Stay sweet & keep smiling! Love, JoAnn T. O. G.

Dear Suzy,

Man, aren't I privileged getting to sign across from Chester and Patty? That was nice of you to keep this page for me! I don't know if I'll need it or not! (probably will!) I can't guarantee to write this straight or pretty. Ok? Wouldn't Daddy Jacobs die if he could see us now? Me, with my giggles and curlers; and you with your retainers and curler cap; both of us propped up in the middle of the bed! It sure is exciting, huh? I mean that we'll be juniors next year! The sophomore year sure has taught us a lot. (Especially how to flunk Latin. I think we should write a book and call it "How to Flunk, Made Easy by Chéi and Suz!) Remember another year that taught us a lot too. I hope that twenty years from now (if the paper isn't rotted or maybe it's like Rosy, it just keeps going!) you can look back and remember many many more years (plus these) we've spent together. Remember standing in the cold and wondering who we'd ride with. That was your night. I had my chance but I just couldn't go through with it. I hope I'll have the chance to teach "R" something good. Do ya think I can do it? Your my counselor-tell me! [I wrote to big at the top so now I'm cramped for space.] Remember all the mixers I stood around at, the games, and Driver's Ed. Also I don't think any two could give Gladys and Chief any more headaches than we did! You know I'm going to be pretty disappointed if you don't become Senator and I don't become a clinical psychiatrist. Oh well I'm sure whatever you do, you will do it excellently! I'm glad that

Suzy,
It's a real
pity, but a nice kid.
We've really had a lot
of fun in T.O.6. and I'm
looking forward for more
(fun).

Good Luck,
Diane
Allen

Suzy
Thanks for
the band aids I
would never have
lived through assembly
without your bust-aid
Lots of luck

(con.)
you like Kathy and my family so well.
'Cos they like you too. Someday you and
I can write a book like Kibby and I
are gonna do. Man, if we combined
them it sure would be hairy! This
summer should bring about fun and
a lot of ~~~~ good times. I hope we
can share many. I hope that you can
obtain every goal in your life. I
know you will try because of your
great determination (This is the most
outstanding of your characteristics!) I
wish I had half of your determination
and spunk. Don't ever let anyone
change you. Be sure and marry the
rich, young, Catholic doctor! (Your mom
and I have you almost married!)
I started to write all funny things
but I couldn't, not in your book. Be true
to T.O.6 because it will teach you many
things, and I know you will be cos you
love it so much. When you are an adult in
life I hope you will remember nice things about me.
You could always look at the funny captions (173, 911) to think I was
funny. No more room now. Be like you are! Pull for Love ya, Cher Marie

Stay sweet!

Suzie- I'll see you next
year around 11 o'clock
for we would Jr. Miss Class!
(What would Jr. Miss have
without your "Florence
Nightingale" bandaid
sheer strips.)

Susan,
So one
of my
bestest
buddies.
Be a good
kid. I wish
you luck
and stay
hair-way
nice.

and most
of all thanks
for
every-
thing—
like
summer
school,
TOG, and
plain
ole gettin
bawled
around.
your pal,
Donna
